## **Second tranche of 18 Rafale for Indonesia enters into the order backlog**

**(Saint-Cloud, France, August 10, 2023)** – As part of the contract signed by Indonesia on February 2022 for the acquisition of 42 Rafale, the second tranche of 18 Rafale came into force today. This follows the entry into force in September 2022 of the first tranche of 6 Rafale, bringing the total number of aircraft on order to 24.

The acquisition of the latest-generation Rafale for the Tentara Nasional Indonesia Angkatan Udara (Indonesian National Army Air Force) includes a complete "turnkey" solution as well as a substantial industrial return for the Indonesian aeronautical sector. Educational projects will also be launched as part of the technical training of aeronautical know-how.

The "omnirole" Rafale is a unique asset that will ensure Indonesia's sovereignty and operational independence and reinforce its role as a major regional power.

*"This new step consolidates the beginning of a long-term partnership with the Indonesian authorities, whom I would like to thank once again for their confidence. It testifies to the strategic link that unites Indonesia and France, and will be reflected in the growing presence of Dassault Aviation in the country",* said **Eric Trappier**, Chairman and CEO of Dassault Aviation.
