

Press release

Trifork acquires the software company STRONGMINDS

Aarhus, November 1, 2021 – Trifork, an international provider of NextGen IT-services and solutions have acquired the Aarhus-based software company STRONGMINDS, with unique capabilities within cloud technology and a broad portfolio of both public and private customers.

Trifork and STRONGMINDS share a commitment to delivering solid software craftsmanship to our customers, where high quality and use of new technologies, tools and methods are key.

“We have a lot of respect for STRONGMINDS and how they have built and developed their business, the company is a great match for Trifork on every level. With the acquisition of STRONGMINDS, not only do we get a handful of very skilled employees, we also gain specialist knowledge within cloud technology, as well as new public and private customers” says Jørn Larsen, CEO and founder of Trifork.

For STRONGMINDS the agreement with Trifork opens new opportunities to offer their customers a broader portfolio of solutions and organisational strength, while being able to take on even greater projects.

“We are incredibly excited to be part of the Trifork family and we are from now on able to take part in larger customer projects, in which professional expertise and full-scale solutions are at the forefront. Internally, we are looking forward to becoming capable of expanding our established software craftsman-program and offer additional development opportunities to continue to attract for new software talent” says CEO of STRONGMINDS, Morten Hoffmann Sørensen.

STRONGMINDS, who have 7 employees, will remain under the same name and continue as an independent business unit under Trifork. Morten Hoffmann Sørensen continues as the CEO of STRONGMINDS.
