About Tonner Drones: Tonner Drones (formerly Delta Drone) develops UAVs and associated technologies for the defense and homeland security sectors. Tonner Drones holds valuable stakes in some of France's leading civilian and military drone manufacturers. Tonner Drones' strategy is to leverage its shareholdings in these companies through active asset management, a private equity fund, and by teaming up with other private equity funds to become a significant industry consolidator. Additional revenues can be achieved through royalties from patents held by Tonner Drones to recognized manufacturers. Tonner Drones does not plan on owning a factory; however, it is determined to retain R&D for its products and systems in France.

Tonner Drones' shares are listed on Euronext Growth Paris (ISIN code: FR001400H2X4).
