# AMA and moziware to revolutionize remote collaboration for frontline workers by bringing XpertEye On & Live on cimo next-gen smart glasses

Introducing out-of-the-box ready XpertEye On & Live AR remote assistance on lightweight, full HD cimo smart glasses supporting cellular and WiFi networks

Rennes, France - September 6th, 2022 - AMA (ISIN GB00BNKGC5 – ticker ALAMA), a pioneer in Assisted Reality solutions, and moziware, a provider of leading-edge wearable technologies of Industrial Metaverse today announced their global strategic partnership to reshape remote collaboration by combining AMA's brand new XpertEye *On & Live* remote assistance solution with moziware's next-gen cimo smart glasses.

With AMA's *On & Live* solution, it only takes just one click on cimo to start collaborating and benefit from full HD video quality with 1080p image resolution, extremely accurate white balance settings, and industrial noise cancellation. Equipped with AMA's AR-powered remote collaboration solution and the cimo ultra-compact and lightweight smart glasses, frontline workers across manufacturing, audit, telco, healthcare, and other industries can remotely collaborate, complete complex tasks together, and resolve issues smarter, faster, and safer.

"moziware is honored to have AMA as our strategic partner. Through relentless teamwork, we have the latest XpertEye solution seamlessly integrated on cimo with exciting new features like one-button start. We believe the joint solution will revolutionize how frontline workers collaborate and operate in the industrial 4.0 era", said Dr. Li Bo, CEO of moziware.

"AMA is proud to have teamed up with moziware since 2021 to propose today the latest in voice-activated, hands-free, remote collaboration. Our aggressively priced and easy-to-use solution will help improve safety, efficiency, and productivity of frontline workers around the world", said Christian Guillemot, co-founder and CEO of AMA.
