### François Riahi, CEO of FL Entertainment, said:

"We delivered excellent first half results that demonstrate the strength of our differentiated and complementary business model, as well as the creativity and agility of our teams. We saw double-digit growth in Q2 that contributed to our earnings and profitability.

Our unrivalled multi-format, geographic and IP offer in Content production and distribution continues to ensure we are the leading and premier partner for both linear broadcasters as well as new and established streaming platforms which represent a rapidly increasing part of our business. Our unique de-risked business model and approach are strong levers that have, once again, allowed Banijay to outperform its market.

Our Online sports betting & gaming business maintained its double-digit revenue growth across all activities thanks to an increased number of Unique Active Players and our geographic and product diversity.

As part of our wider strategy to become an integrated global entertainment leader, we expanded our Content production & distribution business into live events, making strategic investments in two profitable, growing businesses that are established leaders in their markets. This is a largely unconsolidated segment of the global entertainment industry with significant growth potential and synergies with our existing business.

We are well positioned to build on our leadership positions and capture compelling opportunities in the structurally growing segments of the entertainment industry, delivering sustained profitable growth in the second half of 2023 and beyond."

### **H1 2023 KEY EVENTS**

### Strategic growth initiatives: expanding into live events production

FL Entertainment has a proven ability to execute and create value through acquisitions, with a focus on opportunities in fast-growing segments of the global entertainment industry. With strict financial discipline, the Group seeks out profitable businesses with leadership positions in structurally growing markets that offer consolidation opportunities.

FL Entertainment is expanding its Content production & distribution business into live event production with the proposed acquisition of Balich Wonder Studio and the investment in The Independents. Both businesses are leaders in their respective markets with an operating model similar to that of the Group's Content production & distribution activities. These businesses complement the Group's existing activities while supporting FL Entertainment's ambition to become an integrated global entertainment leader.

"Banijay Events", will be led by current Banijay France Chief Executive Officer, François de Brugada. François de Brugada has served as CEO of Banijay France since 2015 and brings a track record of creating synergies, building an ecosystem of the best talents, labels and IP, and business performance.

### **Balich Wonder Studio**

Founded in 2013, Balich Wonder Studio is a leading global live entertainment group that specializes in creating, producing, and delivering live shows and experiences. It is a major sporting and institutional events specialist, and has conceived, produced and delivered the most Olympic Opening and Closing Ceremonies of any of its competitors to date.

Headquartered in Milan, Balich has 200 employees located in 20 markets and operates across three business units: Ceremonies, Exhibits & Brand Experiences, and Immersive Shows & Destination experiences.

Balich has demonstrated a ten-year track record of impressive organic growth and generated sales of €315m in 2022. The company operates on a cost-plus pricing model (asset light, variable costs) and generates solid cash flow.

Banijay will acquire a 52% stake of Balich Wonder Studio alongside the company founder and has the option to progressively increase its stake. The transaction remains subject to customary closing conditions and is anticipated to close in H2 2023.

### The Independents

FL Entertainment has acquired a minority stake in The Independents, a leading experiential marketing and communications group for luxury brands, with the option to progressively become the majority shareholder by 2026. The transaction closed in Q2 2023.

Founded in 2017 by Isabelle Chouvet, Olivier Chouvet and Alexandre Monteux, the company is recognized as a one-stop-shop for luxury brands, servicing its established, blue-chip customer base of more than 500 clients including LVMH, Kering, L'Oréal, Richemont and Chanel, thanks to its unparalleled reputation and high-quality of execution.

With its seven<sup>5</sup> best-in-class agencies, a global footprint and local market expertise, The Independents offers marketing and communication services including experiential content events production.

The company operates in the resilient and growing luxury market that benefits from high barriers to entry, the increased role of social media influencers and a greater focus on experiences amongst Gen Z and Millennial consumers.

The Independents generated sales of ~€353m in 2022 and has strong cash flow thanks to its cost-plus business model.

The company shares a strong corporate DNA with Banijay: operating under a decentralized organizational structure well-suited to developing creative talent, with an entrepreneurial culture and experienced management.

With a proven track record in M&A, The Independents will continue to play a leading consolidator role in a fragmented and growing sector.

#### OUTLOOK

Thanks to FL Entertainment's solid H1 2023 performance, combined with continued positive momentum across both businesses and the strength of its unique model, the Group re-confirms all financial objectives for 2023, increases its Adjusted EBITDA to take into account the announced M&A transaction, and re-confirms its mid-term outlook despite wider macroeconomic conditions.

For the financial year 2023, FL Entertainment anticipates the following:

### Revenue:

- Mid-single digit organic growth for Content production & distribution
- Double-digit organic growth for Online sports betting & gaming

Increased Adjusted EBITDA: the Group now anticipates ~€750m proforma for Balich Wonder Studio as if the transaction was closed on 1 January 2023. This compares with the previous objective of ~€710m Adjusted EBITDA pre-acquisitions.

### ~80% free cash flow conversion

Dividend payout ratio: at least 33.3% of the Group's Adjusted net income

**Leverage ratio of 3.1x** taking into account: 1/ Adjusted EBITDA with full consolidation of Balich Wonder Studio as if the transaction was closed on 1 January 2023; 2/ net debt including the acquisition of Balich Wonder Studio, net of cash acquired.

As previously communicated, FL Entertainment aims to expand its free float and stock liquidity in the short to medium term. In this respect, it continues to review its options and monitor capital markets.

### Content production & distribution:

In H1 2023, revenue totaled €1,434.0m, up +3.5% at constant currency (+2.1% in absolute terms) compared to H1 2022. In Q2 2023, revenue stood at €777.6m, up +9.1% at constant currency and +7.0% in absolute terms.

H1 2023 activity was driven by a combination of original content production (unscripted and scripted), the global growth of iconic and proven "superbrands" in new territories, which demonstrates the durability and continued evolution of these titles, and general series renewals and territory extensions. This performance continues to demonstrate a well-adapted offering with strong creative IP and distribution capabilities catering to demand from both linear TV and streaming platforms for key non-scripted and scripted content.

Content production revenue was up +0.9% to €1,179.3m in H1 2023, factoring in the return to normal seasonality. Q2 2023 revenue increased by +7.6% having been down -5.7% in Q1 2023.

The Group's iconic "superbrands" continue to be in firm demand from both broadcasters and audiences. Deal or No Deal is returning to Spain after a 12-year hiatus, while Big Brother, is recording its 67<sup>th</sup> adaptation with a new version in Chile and is also returning to UK screens. Survivor is returning to Argentinian screens after a 22-year break, and Lego Masters reached its the 20<sup>th</sup> and 21<sup>st</sup> territories in Hungary and Japan.

The group continues to monetize its powerful IP thanks to its ability to adapt, distribute and commercially and digitally exploit its successful formats across multiple markets. Banijay Italia's game show 100% will be adapted for the first time by Banijay Production Media for France 2, and Star Academy has been picked up by Reshet 13 in Israel after its successful return to France with a second season on the way.

Good Luck Guys is a non-scripted production first created in France, where it has successfully aired for five seasons on W9. Banijay has now also produced local versions for Amazon Prime Video in Norway, Denmark and Sweden, which have all been picked up for a second season, while a first season in The Netherlands is under production.

<u>Content distribution</u> revenue increased by +15.5% to €184.3m in H1 2023, reflecting a strong demand from both linear TV and streaming platforms for key non-scripted and scripted content.

In Q2 2022, Content distribution revenue increased by +13.6% after +18.9% in Q1 2023.

One notable example in H1 2023 was scripted production Marie Antoinette, which will return for a second season on Canal+, has now been picked up in over 70 territories, including by Disney+ in Germany.

Popstars, which was the world's first music reality competition, is returning to screens in France on Amazon Prime video after a 20-year break, while the Group is seeing strong demand for non-English language shows like Time Zone for HBO Max Spain, and Culpa Mia for Prime Video.

Overall, the number of content hours at the end of June 2023 increased further by +8% compared to December 2023 to  $\sim$ 172,000 hours and +29% compared to H1 2022.

### Online sports betting & gaming:

In H1 2023, revenue rose by a solid +23.3% at constant currency to €489.5m compared to H1 2022 (+23.4% on a reported basis<sup>6</sup> in H1 2023), with accelerated growth in Q2 2023 of +33.3%.

The performance reflected the successful execution of the Group's growth strategy, capitalizing on continued strong player momentum with new Unique Active Players up by +44% and total Unique Active Players by +36% in H1 2023 compared to H1 2022. The implementation of new innovative features such as instant payment, and cross-selling strategies across all other product lines, also drove performance. On the business operations, Betclic signed two strategic football partnerships with Liga Portugal, until the end of the 2026-27 season and the Ruch Chorzów SA football club in Poland, the most successful club in Poland's history.

All activities recorded double-digit growth in H1 2023: on a reported basis, sportsbook revenue rose by +20.8%, online casino by +40.5%, and online poker by +23.6%, with all lines benefiting from gamification and constant product improvement.

At constant exchange rates and excluding Bet-at-home operations discontinued in certain jurisdictions, revenue was up +24% in H1 2023, driven by the continued solid performance of Betclic entity (+26%). Bet-at-home recorded a -5% decline in revenue.

Betclic's remains strongly engaged in complying with responsible gaming standards. This is illustrated in particular by the proportion of revenue generated in locally regulated markets which increased to 98.5% (compared to 96.5% in H1 2022), partly due to the increase of Bet-at-home in regulated markets.

On 1 February 2023, Bet-at-home group rolled out its new betting and gaming platform, which is expected to benefit all countries from Q3 2023 onwards.

<sup>&</sup>lt;sup>6</sup> Including the discontinued Bet-at-home activities

### **ADJUSTED EBITDA IN H1 2023**

**Adjusted EBITDA**<sup>7</sup> amounted to €327.3m in H1 2023, up by +10.1% on H1 2022. This represents 17.0% of Group revenue.

Adjusted EBITDA (€m)	H1 2022	H1 2023	% change
Content production & distribution	198.3	200.7	1.2%
Online sports betting & gaming	103.2	130.2	26.1%

Content production & distribution	14.1%	14.0%	
Online sports betting & gaming	26.0%	26.6%	
Adjusted EBITDA margin	16.5%	17.0%	

At a Group level, external expenses rose by +14.9% to €993.5m mainly reflecting higher betting taxes for Online sports betting & gaming but also a change in the allocation of free-lancers' costs at Content production & distribution between personnel costs and external expenses. Consequently, this also had an impact on personnel expenses (excluding LTIP and employment-related earn-out & option expenses) which declined by -6% to €590.9m.

### FROM ADJUSTED EBITDA TO ADJUSTED NET INCOME

Restructuring and other non-recurring items: -€9.5m in H1 2023 compared to +€5.4m in H1 2022.

**LTIP** expenses totaled -€79m in H1 2023 compared to -€66.1m in H1 2022. LTIPs charges reflect the accelerated phase of the vesting at the start of the incentive plan. This is in line with Group's trajectory to record on average 10% of annual Adjusted EBITDA as LTIPs expenses.

Employment-related earn-out and option expenses: -€9.0m in H1 2023 (-€10.5m in H1 2022).

#### Net financial result

- Cost of net debt totaled -€88.8m in H1 2023 compared to -€73.6m for the first six months of 2022.

- Other financial income and expenses amounted to -€58.2m in H1 2023, compared to -€85.7m in H1 2022, mainly explained by the change in fair value of the Put/Earn-out debt, hedging instruments and foreign exchange losses.

<sup>&</sup>lt;sup>7</sup> Figures in H1 2022 are adjusted to take into account holding costs of -€3.5m for comparison purposes

### Income tax expenses

Adjusted net income rose by +23.8% to €167.4m in H1 2023.

#### FREE CASH FLOW AND NET FINANCIAL DEBT

The Group's Adjusted free cash flow (after lease payments) reached €274m in H1 2023, up +11.5% compared to H1 2022, driven by the business performance and a continued disciplined control of cash expenses and capital expenditures.

The change in working capital in H1 2023 is due to the return to a normal seasonality for Content production & distribution, following high show deliveries in H1 2022.

Adjusted free cash flow conversion after capex and leases payment amounted to 84%.

The rise in income taxes paid was mainly attributable to advanced tax payment on higher 2022 performance.

Adjusted EBITDA: for a period is defined as the operating profit for that period excluding restructuring costs and other non-core items, costs associated with the long-term incentive plan within the Group (the "LTIP") and employment related earn-out and option expenses, and depreciation and amortization (excluding D&A fiction). **Adjusted free cash flow**: defined as Adjusted EBITDA adjusted for purchase and disposal of property plant and equipment and of intangible assets and cash outflows for leases that are not recognized as rental expenses.

**Adjusted operating free cash flow:** defined as adjusted EBITDA adjusted for purchase and disposal of property plant and equipment and of intangible assets, cash outflows for leases that are not recognized as rental expenses, change in working capital requirements, and income tax paid.

**Net financial debt:** defined as the sum of bonds, bank borrowings, bank overdrafts, vendor loans, accrued interests on bonds and bank borrowings minus cash and cash equivalents, trade receivables on providers, cash in trusts, plus players liabilities and escrow accounts plus (or minus) the fair value of net derivatives liabilities (or assets) for that period.
