# Notes to the Summary US GAAP Consolidated Financial Statements

## **Basis of preparation**

The accompanying unaudited Summary Consolidated Financial Statements have been prepared in conformity with the accounting principles generally accepted in the United States of America ("US GAAP").

For further details on our annual disclosure requirements under US GAAP, including our significant accounting policies, these interim unaudited Summary Consolidated Financial Statements should be read in conjunction with the Consolidated Financial Statements and Notes included within our 2020 Annual Report based on US GAAP, which is available on [www.asml.com](http://www.asml.com).

## Forward Looking Statements

This document contains statements that are forward-looking, including statements with respect to expected trends, including trends in end markets and technology industry and business environment trends, outlook and expected financial results, including expected net sales, free cash flow, gross margin, R&D costs, SG&A costs and estimated annualized effective tax rate, expected growth in net sales, system bookings, backlog, expected trends in Logic and Memory demand and sales, EUV coverage for 2021, revenue opportunity for 2025, expected shipments of systems and revenue recognition, long term growth opportunities, expected capacity, future growth outlook, long term demand drivers, expected benefits and performance of systems and applications, expanding end market trends, expected trends in the semiconductor industry, growth opportunities and drivers, expected increase in output and expected increase trends in EUV and DUV sales and supply chain capacity, the expectation of higher sales growth from increased output capacity and supply chain revenue opportunity, plans and strategies, the expectation that EUV will continue to enable Moore's law and drive long term value for ASML, product roadmaps, statements and intentions with respect to dividends and share buybacks, including the intention to continue to return significant amounts of cash to shareholders through a combination of share buybacks and growing annualized dividends and statements with respect to the 2021-2023 share buyback program including the amount of shares intended to be repurchased under the program from 2021 to 2023. You can generally identify these statements by the use of words like "may", "will", "could", "should", "project", "believe", "anticipate", "expect", "plan", "estimate", "forecast", "potential", "intend", "continue", "target", "future", "progress", "goal" and variations of these words or comparable words. These statements are not historical facts, but rather are based on current expectations, estimates, assumptions and projections about our business and our future financial results and readers should not place undue reliance on them. Forward-looking statements do not guarantee future performance and involve a number of substantial known and unknown risks and uncertainties. These risks and uncertainties include, without limitation, economic conditions; product demand and semiconductor equipment industry capacity, worldwide demand and manufacturing capacity utilization for semiconductors, the impact of general economic conditions on consumer confidence and demand for our customers' products, performance of our systems, the impact of the COVID-19 outbreak and measures taken to contain it on the global economy and financial markets, as well as on ASML and its customers and suppliers, and other factors that may impact ASML's sales and gross margin, including customer demand and ASML's ability to obtain supplies for its products, the success of technology advances and the pace of new product development and customer acceptance of and demand for new products, production capacity and our ability to increase capacity to meet demand, the number and timing of systems ordered, shipped and recognized in revenue, and the risk of order cancellation or push out, production capacity for our systems including the risk of delays in system production and supply chain capacity and disruptions, trends in the semi-conductor industry, our ability to enforce patents and protect intellectual property rights and the outcome of intellectual property disputes and litigation; availability of raw materials, critical manufacturing equipment and qualified employees; trade environment; import/export and national security regulations and orders and their impact on us, changes in exchange and tax rates; available liquidity and liquidity requirements, our ability to refinance our indebtedness, available cash and distributable reserves for, and other factors impacting, dividend payments and share repurchases, results of the share repurchase programs and other risks indicated in the risk factors included in ASML's Annual Report on Form 20-F for the year ended December 31, 2020 and other filings with and submissions to the US Securities and Exchange Commission. These forward-looking statements are made only as of the date of this document. We undertake no obligation to update any forward-looking statements after the date of this report or to conform such statements to actual results or revised expectations, except as required by law.
