Release of the 2023 Crédit Agricole Assurances group's SFCR

Crédit Agricole Assurances announced today the release of its group Solvency and Financial Condition Report (SFCR) for 2023.

The Crédit Agricole Assurances Group's SFCR provides an overview of the insurance activities in the Solvency 2 environment. This report, as well as the various annual quantitative reporting templates (QRT) attached to it, are used to present and explain the activity and performance of Crédit Agricole Assurances' group, the appropriateness of its governance system, its risk profile, and to assess the differences in the valuation of its balance sheet between IFRS and Solvency 2 standards, as well as its solvency.
