

Euronext Tech Leaders welcomes eight new companies on the occasion of its 2025 annual review

Launched in June 2022, the Euronext Tech Leaders initiative builds on Euronext's vibrant Tech ecosystem and longstanding commitment to technology companies. Three years after its launch, Euronext Tech Leaders counts 110 companies.

Amsterdam, Brussels, Dublin, Lisbon, Milan, Oslo and Paris – 3 June 2025 – Euronext today announced the results of the annual review of the Euronext Tech Leaders segment, leading to eight new companies joining the segment. These companies span various Tech industries including Aerospace & Defence, Biotech, Cleantech, Hardware and Software. Euronext Tech Leaders is Euronext's flagship initiative dedicated to highlighting the visibility and attractiveness of high-growth and leading Tech companies towards international investors, together with a suite of services to support them along their listing journey.

The Euronext Tech Leaders Index will be updated after markets close on Friday 20 June 2025 with effect from Monday 23 June 2025. The segment is reviewed annually, with the next review due to take place in June 2026.

In addition to joining the Euronext Tech Leaders Index tracking the stocks in the segment, Euronext Tech Leaders members are provided with a range of services and visibility initiatives, including exclusive access to investor forums and conferences organised across Europe by Euronext and its partners to promote them to international investors, offering them strategic networking opportunities.

The fourth edition of the Euronext Tech Leaders Forum will take place in November 2025, featuring a new scaleup track dedicated to high-growth private companies, meetings between Tech companies from across Europe and international investors, and dedicated awards for the best performing companies. The Euronext Tech Leaders event is the flagship annual gathering for all European Tech companies. Last year's event in November 2024 included workshops with research analysts, 250 investor meetings and many more opportunities for knowledge sharing with 300 key members of the Tech ecosystem.

Stéphane Boujnah, CEO and Chairman of the Managing Board of Euronext, said: *"Euronext is the leading equity listing venue for Tech in Europe, with 700 listed Tech companies, representing an aggregated market capitalisation of more than €1.2 trillion at end of April 2025. Euronext provides a robust ecosystem dedicated to the European Tech industry, offering access to a very wide and diverse international investor base that supports Tech companies at various growth stages. As the Euronext Tech Leaders initiative for high-growth Tech companies celebrates its three-year anniversary, I am pleased to welcome eight new companies in the Tech Leaders segment. Through their leadership and their disruptive innovation, the members of the Euronext Tech Leaders segment strengthen Europe's strategic position and competitiveness in the global technology industry."*
