**Cold Commissioning of Baita Plai Polymetallic Mine**

Vast Resources plc, the AIM-listed mining company, is pleased to announce the cold commissioning of Baita Plai Polymetallic Mine.

Over the past year (since the association licence was granted) the mine's infrastructure required for the cold commissioning including the electricity line, tailings pipe, mills, crushers, floatation line and equipment has been either upgraded, refurbished or has been replaced.

Initial trial production is expected to be carried out shortly. The current cold commissioned capacity is up to 7,000 tpm and will be progressively ramped up after the arrival of the new equipment from China in January to 14,000 tpm in accordance with the project plan.

Photos and videos of the equipment are available on the Company's Twitter Page and will shortly be available on the Company's website. Both links are provided below:
