About BTS Group AB

BTS is a global professional services firm headquartered in Stockholm, Sweden. BTS has about 1,200 professionals in 37 offices located on six continents. BTS competes in both talent and HR consulting as well as the traditional consulting markets. BTS's services support a broad range of client challenges including top-to-bottom and on-demand leadership development, talent selection and readiness, strategy creation and strategy implementation, as well as culture and broad-scale change. For over thirty years, BTS has been focused on the people-side of change and uses proprietary simulation, learning, coaching, and assessment methodologies to power better performance.

We partner with nearly 450 organizations, including over 30 of the world's 100 largest global corporations. Some of our major clients include ABB, Chevron, Coca-Cola, Ericsson, EY, HP, Mercado Libre, Salesforce, SAP, and Tencent.

BTS is a public company listed on the Nasdaq Stockholm exchange and trades under the symbol BTS B.
