

AMG ANNOUNCES FINAL 2023 DIVIDEND

Amsterdam, 8 May 2024 (Regulated Information) --- AMG Critical Materials N.V. (“AMG”, Euronext Amsterdam: “AMG”) is pleased to announce that during the Annual General Meeting, held on May 8, 2024, AMG's shareholders approved the payment of a dividend of €0.60 per ordinary share over the financial year 2023. The interim dividend of €0.40, paid on August 9, 2023, was deducted from the amount distributed to shareholders. The final dividend per ordinary share therefore amounts to €0.20.

Payment of the final dividend will be completed on or around May 15, 2024, to shareholders of record on May 13, 2024. The ex-dividend date is May 10, 2023. Dutch withholding tax will be deducted from the dividend at a rate of 15%.

This press release contains inside information within the meaning of Article 7(1) of the EU Market Abuse Regulation.

This press release contains regulated information as defined in the Dutch Financial Markets Supervision Act (Wet op het financieel toezicht).

About AMG

AMG's mission is to provide critical materials and related process technologies to advance a less carbon-intensive world. To this end, AMG is focused on the production and development of energy storage materials such as lithium, vanadium, and tantalum. In addition, AMG's products include highly engineered systems to reduce CO₂ in aerospace engines, as well as critical materials addressing CO₂ reduction in a variety of other end use markets.

AMG's Lithium segment spans the lithium value chain, reducing the CO₂ footprint of both suppliers and customers. AMG's Vanadium segment is the world's market leader in recycling vanadium from oil refining residues, spanning the Company's vanadium, titanium, and chrome businesses. AMG's Technologies segment is the established world market leader in advanced metallurgy and provides equipment engineering to the aerospace engine sector globally. It serves as the engineering home for the Company's fast-growing LIVA batteries, and spans AMG's mineral processing operations in graphite, antimony, and silicon metal.

With approximately 3,600 employees, AMG operates globally with production facilities in Germany, the United Kingdom, France, the United States, China, Mexico, Brazil, India, Sri Lanka, and Mozambique, and has sales and customer service offices in Japan (www.amg-nv.com).
