

Press release

Trifork Group AG

Schindellegi, Switzerland – 27 June 2024

Trifork acquires Sapere Group ApS to grow expertise in the SAP Business Technology Platform

Trifork A/S (“**Trifork**”) and Sapere Group ApS (“**Sapere**”) today signed an agreement under which Trifork acquires 77.8% of Sapere, a Danish expert in the SAP Business Technology Platform. As partners, Trifork and Sapere will work closely together to help our SAP customers maximize the value of SAP BTP and through innovative solutions increase the overall value of their SAP investments.

Strategic rationale

Over the past years, Sapere has developed highly skilled capabilities in the SAP Business Technology Platform, providing customers with integration services and architectural advisory. The ambition with the partnership is to be a full-service provider of SAP integration and solutions and to grow Sapere internationally by leveraging Trifork’s presence in 15 markets outside Denmark.

“The acquisition of Sapere enhances Trifork’s capability to deliver the full stack of SAP’s Enterprise Cloud with SAP BTP. This solidifies Trifork’s market position as a serious and strategic business partner, enabling companies to maximize the value of their SAP Cloud journey,” says Morten Gram, Chief Revenue Officer of Trifork Group.

“I’m thrilled to join forces with Trifork in our efforts to become the main SAP Business Technology Platform partner in Denmark and now also beyond borders”, says Jonas Büttcher, CEO and founder of Sapere and continues: *“Together, Sapere and Trifork will become the preferred partner for businesses, cementing Sapere’s position in the SAP Integration sphere as well as Trifork’s position in the full BTP Suite. This partnership is built on perfectly aligned values and business cultures, which is why I truly feel that Sapere brings the last piece of the Trifork puzzle to ensure high quality, trust, and innovation in our customers’ S4/HANA benefit realization program as well as their entire SAP BTP journey.”*

Transaction overview

Trifork will acquire 77.8% of Sapere. The transaction is currently being finalized and is expected to be completed on 1 July 2024.

Sapere will continue as a separate business unit within the Trifork Group, and the founder and CEO of Sapere remains in place and is fully committed to the future development of the company.

The purchase price is not disclosed. The acquisition of Sapere is expected to be accretive to Trifork Group’s earnings per share in the first year after being consolidated.

The acquisition will not affect Trifork’s full-year guidance as communicated on 28 May (see Company Announcement 26/2024). In 2024, Trifork currently expects an in-organic revenue contribution, including all previously announced acquisitions, of approximately EURm 5.4.
