About Eolus:

Since the company's inception thirty years ago, Eolus has grown to become one of the leading developers of renewable energy in the Nordic region. Today, we develop, establish, and manage renewable energy projects in onshore and offshore wind power, solar power and energy storage. Eolus offers attractive and competitive investment opportunities in the Nordic region, the US, Poland and the. With our competent and dedicated staff, we are taking the company forward at a rapid pace and driving the transition to renewable electricity generation. Founded in 1990, Eolus has constructed 666 wind turbines with a capacity of 1 414 MW. Eolus has signed contracts for about 1 330 MW of asset management services of which 921 MW are in operation.

Eolus shares are listed at Nasdaq Stockholm.
