HEULIEZ secures contract to supply 200 e-buses to Marseille

**PRESS
RELEASE**

Turin, 14th February 2024. HEULIEZ, the urban bus brand of Iveco Group (EXM: IVG), has been selected by Régie des Transports Métropolitains (RTM, the public transport operator of Marseille) to supply 200 electric buses, with a contract worth 125 million euros.

This significant order marks a major step forward in the large-scale electrification of Marseille's public transport network. It will lead to over a third of the RTM fleet becoming 100% electric by 2027, contributing substantially to the city's energy transition goals.

The new generation GX 337 ELEC HEULIEZ buses chosen by RTM will be equipped with roof rails that enable them to be recharged via a descending pantograph, either at the depot or rapidly during service, offering a flexible and efficient solution for the city's public transport needs. An initial delivery of 35 units is anticipated by the end of 2024, with the remaining vehicles scheduled to be supplied by 2027.

Domenico Nucera, President, Bus Business Unit, Iveco Group, commented: "We are really proud that Marseille has chosen us as a partner in its ambitious electrification project, and we look forward to supporting the city as it transitions towards a more sustainable future. This sizable contract underscores the effectiveness of our electric mobility solutions in meeting the decarbonisation needs of public transport operators all over Europe."

Iveco Group N.V. (EXM: IVG) is the home of unique people and brands that power your business and mission to advance a more sustainable society. The eight brands are each a major force in its specific business: IVECO, a pioneering commercial vehicles brand that designs, manufactures, and markets heavy, medium, and light-duty trucks; FPT Industrial, a global leader in a vast array of advanced powertrain technologies in the agriculture, construction, marine, power generation, and commercial vehicles sectors; IVECO BUS and HEULIEZ, mass-transit and premium bus and coach brands; IDV, for highly specialised defence and civil protection equipment; ASTRA, a leader in large-scale heavy-duty quarry and construction vehicles; MAGIRUS, the industry-reputed firefighting vehicle and equipment manufacturer; and IVECO CAPITAL, the financing arm which supports them all. Iveco Group employs more than 35,000 people around the world and has 20 industrial sites and 29 R&D centres. Further information is available on the Company's website www.ivecogroup.com
