

LIDDS: Liproca® Depot Phase IIb results to be presented as “Late Breaking News” at EMUC in Vienna on November 16, 2019

Professor Laurence Klotz, a world leading expert in Active Surveillance of prostate cancer patients, will present the results of the LPC-004 prostate cancer study at the 11th European Multidisciplinary Congress on Urological Cancers, EMUC19. The oral presentation is scheduled for November 16, 2019.

Professor Klotz is one of the LPC-004 study investigators and is Professor at the University of Toronto Division of Urology at the Sunnybrook Health Sciences Centre in Canada.

-I am very pleased that the Phase IIb study results will be presented at EMUC by the expert and key opinion leader Professor Klotz, says Monica Wallter, CEO, LIDDS.

LIDDS will announce the preliminary results of the LPC-004 study in September. The final study report is scheduled for the last quarter of 2019.
