Achievements

The Consulting and Applications segments are driving growth, in particular digital and data-centered projects. Moreover, the most buoyant businesses are migration to the various cloud architectures, enhancement of the work environment and the “employee experience”, and cybersecurity.

The full final annual results will be published on Wednesday, March 8, 2023 after the closing of the stock exchange.

Outlook

For 2023, the Group will benefit from significant embedded growth. As usual, the forecasts for 2023 will be posted along with the Group's 1st quarter revenues.
