## Trifork revises the financial guidance for 2024

Based on updated forecasts for the remaining part of 2024 from Trifork Group companies, Trifork revises the full-year 2024 guidance as follows:

- Revenue is expected to be EURm 220-230 (previously EURm 230-240).
- Trifork Segment adjusted EBITDA is expected to be EURm 34-38 (previously EURm 38-42).
- Group EBIT is expected to be EURm 17-21 (previously EURm 21.5-25.5).

The guidance revision is due to a persistently slow business environment with extended decision-making cycles amongst both private and public customers. Our expectation of increased activity from Danish public sector customers in 2024 – concerning opportunities relevant for Trifork – has not yet been realized in the first five months.

The new guidance does not assume any material change to market conditions in the remaining part of 2024.
