Strong start of the year

First quarter 2024

The first quarter has translated into net sales above Q1 2023 (+3,2%), where the volumes coming from our recent acquisitions in Finland and the Netherlands have helped us offset the drop in our E-commerce segment where our customers still have lower volumes due to weak general consumer sentiment. We successfully continue our work to strengthen our margins and deliver an excellent adjusted EBITDA margin excluding IFRS 16 of 9,8% (8,9%) amounting to 50,1 MSEK.

The broad variety of our customer portfolio still proves resilience in the macroeconomic context and we are very happy with the strong results in Finland, despite the situation on the Red Sea and the strikes that struck the market during the quarter. Strong volumes within the Finnish industrial segment and first yearly maintenance and upgrade of Olkiluoto 3 reactor at TVO Nuclear Power Plant, have contributed to very good quarter in our Finnish operations. In Olkiluoto Logent is handling logistics for spare parts, tools and commodity consumables. During yearly revision the need for our services is higher than normal.

Customs business in Finland

Our Customs business area has commenced its operations in Finland, marking a significant milestone with the establishment of its first office at the Port of Rauma. This strategic location allows us to enhance our services and better serve our clients by providing comprehensive customs solutions in this vital port. The launch of this office underscores our commitment to expanding our presence and capabilities in the Finnish market, ensuring efficient and effective customs operations to meet the needs of our growing customer base.

New customers and deepened partnerships

In Q1 we went live with several new customers such as the central warehouse for Beijer, CBRE, Sealed Air, Cimcorp and in Finland we started up our Customs Services operations.

We also extended our collaboration with Bubbleroom with the launch of an efficient return handling operation in Borås. With our customer AGES we

added the full service scope to the existing collaboration within Transport Management perfectly in line with our ambitions, We are also very happy that we prolonged our important partnership with Volvo Cars in Låssby to February 2027. The outlook for further development of several of our current partnerships is very positive.

ESG agenda 2024

Our expertise in high-quality, efficient logistics solutions makes us the preferred partner for customers' logistics needs. Sustainability is crucial for us, our customers, and society. In 2023, Logent integrated sustainability into our strategy, developed local action plans, and invested in a unified sustainability platform. We continue to implement sustainability goals in 2024, guided by the precautionary principle to minimize our environmental and social impact.

One of the most impactful projects in Q1 was onshoring Bubbleroom's returns handling from one of the Baltic states back to Borås, Sweden. This move significantly reduces transportation distances and CO2 emissions, while also lowering the total cost for the customer, creating a true win-win situation.

Caring, Innovative, Trustworthy and Resolute

Logent's core values are a central part of the company's identity and govern how we act and make decisions. During 2024 we will continue to embed those fundamental principles in our internal and external communication to further strengthen "One Logent".

Logent sustainability goals

We create the logistics solutions of the future, for our customers, our employees, society and the environment. Together with our customers and partners, we create tailor-made logistics solutions with a focus on bringing customers closer to their goals

Our strength is our expertise and our experience in designing, implementing and operating high-quality and efficient logistics solutions adapted to our customers' needs. Our goal is to become the natural partner of existing and new customers for daily and long-term logistics needs. Creating sustainable logistics solutions is therefore important for us, our customers, other stakeholders and to ensure functioning societies.

In 2023, Logent has focused on integrating sustainability into the overall strategy and developed local action plans. Work is crucial for us to achieve our goals and continue to develop as a company. During the year, two acquisitions were completed in two new markets, and significant resources were invested in ensuring a common platform in sustainability. Implementation of the sustainability goals in these operations are continuing in 2024.

Sustainability work is guided by the precautionary principle, which means that we work actively to reduce our negative impact on the environment and people.

Logent's sustainability goals

- Increase diversity and gender equality in all positions within the organisation
- Zero serious accidents
- Zero cases of discrimination or sexual harassment
- By 2030 we shall be climate-neutral in relation to the emissions generated from our own operations (Scope 1 and 2)
- Reduce energy use by 20% per Swedish krona turnover (base year 2021)

UN Sustainable Development Goals

Logent supports the UN's 17 Sustainable Development Goals (SDGs). Based on our business model, geographical presence, possibility to influence developments and the impact of the world around us, we have chosen to focus in particular on five of the SDGs. Logent strives to set a leading example in these areas, which are in line with our new strategy and our goals.

Financial information

First quarter

Income

Net sales for the first quarter amounted to 512 435 KSEK (496 439), an increase of 3%. Acquired operations in Finland (acquired 30th of June) contribute with 104 961 KSEK and Netherlands (acquired 5th of September) with 23 288 KSEK. Logistics Operations segment had a growth this quarter of 6% mainly explained by the two acquisitions. Logistics Services have grown in Q1 by 9%, with both Transport Management and Customs revenue growing in the period. Growth for Transport Management is driven by the acquisition in Finland. The Staffing segment decreased by 23% compared to the same period last year. This development is driven by the current macro-economic trend which affects the demand for personnel within Staffing.

Result

Adjusted EBITDA excluding IFRS 16 for the first quarter amounted to 50 078 KSEK (44 337).

The adjusted EBITDA excluding IFRS16 margin was 9,8% (8,9%). A stable margin development during the quarter which is mainly explained by margin

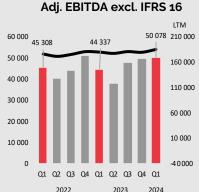

improvements within Logistics Operations, general growth within Logistics Services, combined with decline in less profitable Staffing Segment.

For the Logistics Operations segment, adjusted EBITDA excluding IFRS 16 amounted to 42 564 KSEK (37 840). The adjusted EBITDA margin excluding IFRS 16 was 12.6% for the first quarter, which means an increase from last year's level of 11.9%.

For the Logistics Services segment, adjusted EBITDA excluding IFRS 16 amounted to 9 056 KSEK (8 668). The adjusted EBITDA margin excluding IFRS 16 for the segment amounted to 7.2% during the first quarter. This means a decrease from adjusted EBITDA margin excluding IFRS 16 of 7.5% last year. Logistics Services margin decrease is mainly explained by margin decrease in business area Customs.

For the Staffing segment adjusted EBITDA excluding IFRS 16 amounted to -1 882 KSEK (-1 853). The result is explained by low volumes both on existing customers and lower new sales.

Liquidity and financial position

Cashflow

Cashflow from operating activities for the first quarter amounted to 29 290 KSEK (44 518). Calendar effect of Q1 ending during Easter had a significant impact on our Working Capital movements, A significant part of accounts receivable and accounts payable were paid first in beginning of April, which had a negative cash flow impact.

Higher interest rates and higher debt contributed to higher interest payments.

During the period we made investments towards Beijer Bygg's new Central warehouse, which impacted our cashflow from investing activities. These investments will be recouped during the life of the contract.

The net debt for the Group amounted to 1 580 106 KSEK (715 240). The higher debt is due to the acquisition of Logistikas Oy and Misi B.V which was financed via cash and as such reducing cash and cash equivalents.

The biggest impact on Net debt in Q1 is the 10 years rental contract in Eskilstuna for our Beijer Bygg operations, which is back-to-back with Beijer Bygg.

Net debt excluding IFRS 16 amounted to 910 045 KSEK (467 957).

Significant events during the first quarter, January – March 2024

Operations for Beijer Bygg's central warehouse in Eskilstuna started in March 2024. With its 63 000 sqm it is Logent's biggest dedicated warehouse establishment.

Our Customs business area has started operations in Finland with its first office in the port of Rauma.

We onshored Bubbleroom's returns handling from Estonia back to Borås, Sweden.

Significant risks and uncertainties

Risks related to macroeconomic factors and cyclical demand

Through its various operating segments, the Group is active in the logistics market. Like other companies active in the logistics market, the Group is affected by the general financial and political situation at global, local and regional levels. The overall demand for logistics services usually follows the development of gross domestic product (GDP) and the levels of trade volumes within the geographical regions where the Group offers its logistics services. The Group is thus primarily dependent on the development of GDP and the related development in trade volumes in Sweden, Norway, Denmark, Finland and the Netherlands, as well as the development in the geographical regions and markets where the Group's customers operate, as the demand for the Group's logistics services is ultimately affected by the demand for its customers' products. In light of the above, there is a risk that such a decrease in demand for the Group's logistics services could affect operations, operating profit and the Group's financial position.

Risk related to geopolitical situation

The ongoing conflicts in Ukraine and the Middle East have negatively impacted supply chains and the transport sector. Although the Group has not experienced any significant effects due to the war in Ukraine or the conflict in the Middle East, the Group's operations could be negatively affected in the future if the current geopolitical tensions and conflicts were to persist, which could affect, among others, the capital markets as well as global trade including the transport sector and supply chains.

Risks related to changes in inflation rates

Uncertainty in the world has increased over the past year as a result of high inflation and disruptions in supply chains. The high inflation has affected Logent through higher interest costs, energy costs and fuel costs. Logent works actively with mitigating measures and has so far managed these cost increases with contractual indexation to our customers.

The uncertainty and higher inflation have also affected the purchasing power of the population, which has generated lower volumes for some of Logent's customers.

Logent closely monitors these external factors as well as the resulting volume and cost increases and is ready to act if necessary.

Revenue

During the first quarter Logistics Operations had a revenue development of +6% compared to the same period last year. The growth is mainly explained by the two acquisitions. Acquired operations in Finland (acquired 30^{th} of June 2023) contribute with 93 574 KSEK and Netherlands (acquired 5^{th} of September 2023) with 23 288 KSEK.

The E-commerce industry had a negative development this quarter due to macroeconomic trends within that industry. Automotive, Industry and Ports however had positive revenue developments this quarter due to new locations and overall stable volumes.

Result

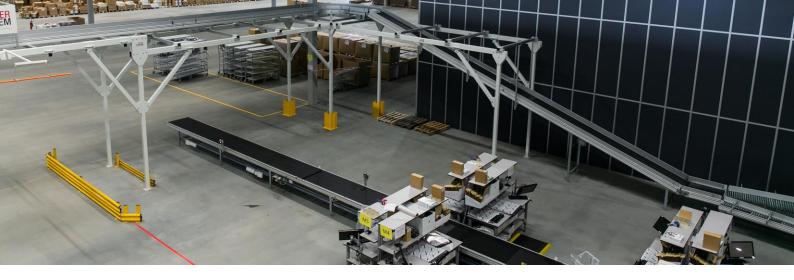

The adjusted EBITDA excluding IFRS 16 for the first quarter amounted to 42 564 KSEK, an increase compared to the same period last year (37 840). The margin has increased from 11,9% for the first quarter 2023 to 12,6% in 2024.

Income

The segment Logistics Services had a positive revenue development this quarter compared to the same period last year. The Transport revenue was up driven by acquisition volume from Finland. Business area Customs demonstrated strong growth with 15%, the total figure for the segment was up with 9%.

The business area Customs continues to show strong growth. Continued efforts to develop services yield results and is met by growing customer demand.

The business area Transport Management had a total increase in revenue of 8% due to volumes in Finland. Revenue in Sweden decreased slighlty compared with last years' first quarter where both lower volumes and transport prices affected the outcome.

Result

The segment Logistics Services shows a decline in margin this quarter compared to the same period last year. The adjusted EBITDA excluding IFRS16 amounted to 9 056 KSEK for the first quarter (8 668). The margin decreased from 7,5% for the first quarter 2023 to 7,2% in 2024. The margin decrease is mainly explained by margin decrease in business area Customs.

Income

The Segment Staffing operates only in Sweden and Norway. The revenue development follows the negative trend from previous quarters. This quarter showed a decline of -23% compared to same period last year. Both countries experienced a general decrease in demand both from existing customers but also from new sales.

The main focus for the business area is to support Logistics Operation with internal staffing, which partly explains the decline of the external Staffing business.

Result

The adjusted EBITDA excluding IFRS16 amounted to -1 882 KSEK (-1 853) for the first quarter in 2024. Margin further decreased from -2.9% in 2023 to -3.8% for the first quarter 2024. The lower EBITDA is a result of lower volumes which also explaines the margin development.

Notes

1. Notes to consolidated accounts

SSCP Lager BidCo AB (publ), corporate ID number 559109-9154, is a limited company registered in Sweden with registered office in Stockholm. The address of the head office is SSCP Lager BidCo AB, c/o Logent AB Hammarby Kaj 14, SE-120 30 Stockholm, Sweden. The Parent Company and its subsidiaries' operations comprise logistics services.

Unless otherwise stated, all amounts are in thousands of SEK (KSEK).

1.1 Accounting principles

These consolidated accounts were prepared pursuant to the Swedish Annual Accounts Act, RFR 1 Supplementary Financial Reporting Rules for Corporate Groups, and the International Financial Reporting Standards (IFRS) and IFRS Interpretations Committee interpretations (IFRS IC) as approved by the EU. This interim report has been prepared in accordance with IAS 34 Interim Financial Reporting.

The Parent Company applies RFR 2 Financial Reporting for Legal Entities and the Annual Accounts Act. The interim report for the Parent Company has been prepared pursuant to the Annual Accounts Act.

Applied accounting principles are consistent with those described in SSCP Lager BidCo Group's annual report for 2022, unless otherwise expressly stated below.

1.2 Significant accounting estimates and judgements

The Group makes estimates and assumptions concerning the future. The resulting accounting estimates will, by definition, seldom correspond to the actual results. Estimates and assumptions that entail a significant risk of material adjustments to the carrying amounts of assets and liabilities in the next financial year are outlined below.

(a) Test of impairment of goodwill and trademarks

The Group tests each year whether any impairment requirement exists for goodwill and trademarks in accordance with the accounting policy described in the annual report 2023. The recoverable amounts for the cash-generating units were established by calculating the value in use. Certain assumptions must be made for these calculations, of which the most important assumptions are the discount rate and the long-term rate of growth. The carrying amount of goodwill amounted to SEK 1 164 105 thousand and the carrying amount of trademarks amounted to SEK 154 160 thousand as of 31 March 2024. An impairment test has been performed based on 31 December 2023, which showed that there was no need for impairment.

1.3 Segment information

Three reportable segments, Logistics Operations and Logistics Services and Staffing, were identified in the Group:

Logistics Operations - Contract Logistics-solutions relating to dedicated warehouse solutions and ports.

Logistics Services - Contract Logistics-solutions relating to transport management and customs.

Staffing - Staffing solutions related to logistics built to manage volume fluctuations. Both external and internal staffing (e.g. to Contract Logistics) and for recruitment services.

Other - The item Other consist of costs that have not been allocated to the segments.

The Group CEO primarily uses a measure of adjusted earnings before interest, tax, depreciation and amortization (EBITDA, see below) to assess the performance of the operating segments excluding effect of IFRS 16 (see Note 6 and 7).

2. Net sales

Division of revenue from customer contracts

Revenue from contracts with customers essentially comprises the sale of services. The Group's revenue from contracts with customers is distributed among the categories described below. The majority of the Group's revenue is recognized over time. External revenue per segment is reported below.

From 2021, the division of revenue from customer contracts has changed so that the previous categories Warehousing and Ports have been merged into Logistics Operations. The comparative figures for previous periods are updated accordingly. The accounting principles in other respects for net sales are unchanged and follow the previously published annual report.

4. Alternative Performance Measures

The Group applies ESMA's (European Securities and Markets Authority) guidelines for alternative performance measures. An alternative performance measure is a financial measure of historical or future earnings development, financial position or cash flow that is not defined or specified in IFRS. The interim report contains financial performance measures that are not defined in accordance with IFRS so-called alternative performance measures. These alternative

performance measures are considered to be important performance indicators for investors and other users of the interim report. The primary alternative performance measures presented relate to EBITA, EBITDA, net debt, adjusted EBITA and EBITDA excluding items affecting comparability and effect of IFRS 16. Below is a reconciliation of the alternative performance measures and a description of the purpose of these. The Group's definition of these performance measures that are not defined in accordance with IFRS are described in this note. These terms can be defined differently by other companies and are therefore not always comparable with similar measures used by other companies.

Definitions

Performance measure	Definition	Explanation
EBITDA	Profit or loss before depreciation, amortization, net financial items and taxes.	EBITDA is intended to show an understanding of the Group's operating activities, independent of depreciation of fixed assets and the Group's financing.
EBITA	Profit or loss before depreciation/amortization of trademarks, customer contracts and goodwill, net financial items and taxes.	EBITA is considered relevant by investors who want to understand earnings after investments of tangible and intangible assets but before intangible assets attributable to company acquisitions.
Adjusted EBITDA excluding IFRS 16	EBITDA including adjustments for items affecting comparability (see Note 6) and excluding effect of IFRS 16 (see Note 7).	The measure is relevant for complying with EBITDA excluding items affecting comparability and the effect of IFRS 16 for complying with the historical figures in accordance with bond terms and conditions.
Adjusted EBITA excluding IFRS 16	EBITA including adjustments for items affecting comparability (see Note 6) and excluding effect of IFRS 16 (see Note 7).	The measure is relevant for complying with EBITA excluding items affecting comparability and the effect of IFRS 16 for complying with the historical figures in accordance with bond terms and conditions.
Adjusted EBITDA excluding IFRS 16 (%)	Adjusted EBITDA excluding IFRS 16 related to Net sales.	The performance measure is relevant for creating an understand of operating profitability excluding depreciation in relation to the Group's net sales. The effect of IFRS 16 is excluded to report earnings in accordance with bond terms and conditions.
Adjusted EBITA excluding IFRS 16 (%)	Adjusted EBITA excluding IFRS 16 related to Net sales.	The performance measure is relevant for creating an understand of operating profitability excluding depreciation/amortisation linked to company acquisitions in relation to the Group's net sales. The effect of IFRS 16 is excluded to report earnings in accordance with bond terms and conditions.
Net debt	Interest-bearing financial indebtedness excluding liabilities to shareholders less cash and cash equivalents.	Measures external financing, taking into account own cash and cash equivalents, and is useful to users of the financial statements as a complement to assessing the Group's ability to meet financial commitments.
Net debt excluding IFRS 16	Net debt excluding effect of IFRS 16 (see Note 7).	Measures external financing, taking into account own cash and cash equivalents, but excluding lease liabilities incurred as a result of IFRS 16 to report net debt in accordance with bond terms and conditions.
