Banco Comercial Português, S.A. informs about acquisition of eurobank in Poland by its subsidiary Bank Millennium

Banco Comercial Português, S.A. (“Millennium bcp”) informs that its subsidiary Bank Millennium S.A. (“Bank Millennium”), in which it owns a 50.1% stake, announced today that it reached an agreement for the acquisition of a 99.79% stake in Euro Bank S.A. (“eurobank”) from Societe Generale Financial Services Holding, a subsidiary of Société Générale S.A., for an estimated total consideration of 1,833 million zlotys*, implying a 1.20x P/BV (final purchase price subject to customary NAV adjustment at closing), to be paid in cash and fully financed from internal sources of Bank Millennium.

The acquisition of eurobank allows Bank Millennium to strengthen its position in the Polish banking sector. Furthermore, it will increase Bank Millennium’s Client base, allowing it to reach the top 6 in Polish banking by number of retail Clients, as well as boosting Bank Millennium’s geographic presence to smaller cities across Poland. It represents a profitable deployment of Bank Millennium’s excess capital and liquidity, with EPS accretion expected to reach 26% from 2021. Bank Millennium’s CET1 ratio is expected to stand at 15.9% after completion (17.2% including Bank Millennium’s net earnings for the first 9 months of 2018), comfortably above regulatory requirements.

The transaction is expected to close in the second quarter of 2019, subject to regulatory approvals, and is estimated to be earnings accretive for Millennium bcp on a consolidated basis from 2020, already including integration costs, with an approximate impact of -40 basis points on its CET1 ratio and of -30 basis points on its total capital ratio expected on the date of transaction.

“Millennium bcp informed the market in July 2018 that we would begin a cycle of growth built on strengthening our distinctive competencies, particularly our relationship-based, customer-centric banking model, and that we would continue to be a reference in terms of efficiency while benefitting from a diverse portfolio of international operations with significant potential,” Millennium bcp CEO Miguel Maya said. “This acquisition occurs in a market with high growth potential, and has been carefully analysed given the importance Millennium bcp’s Executive Committee places on rigorous management of capital and business risk. The bank is not planning any additional acquisition, with the growth expected in the strategic plan to be exclusively supported by organic development. We are confident that this acquisition will contribute to increasing profitability and asset quality for the Millennium bcp Group.”

Current Report no. 21/2018

SUBJECT: Inside information - execution of share purchase agreement related to the shares in Euro Bank S.A.

Acting pursuant to Article 17 sec. 1 of Regulation (EU) No. 596/2014 of the European Parliament and of the Council of 16 April 2014 on market abuse (market abuse regulation) and repealing Directive 2003/6/EC of the European Parliament and of the Council and Commission Directives 2003/124/EC, 2003/125/EC and 2004/72/EC ("**MAR**"), the Management Board of Bank Millennium S.A. ("**Bank Millennium**") hereby informs that negotiations to purchase shares representing approx. 99.787% of the share capital of Euro Bank S.A. ("**Euro Bank**") (the "**Shares**") from SG Financial Services Holdings (the "**Seller**"; Bank Millennium and the Seller are referred to jointly as the "**Parties**"), the Seller being a wholly-owned subsidiary of Société Générale S.A. ("**SG**") have ended and on 5 November 2018 Bank Millennium entered into a share purchase agreement with the Seller to purchase the Shares (the "**SPA**").

The transaction provided for in the SPA consists of the direct purchase by Bank Millennium of the Shares from the Seller (the "**Transaction**") for a price amounting to PLN 1,833,000,000 (one billion eight hundred and thirty-three million zlotys) (the "**Price**"), the Price being subject to adjustment mechanism following completion of the Transaction (i.e. transfer of the legal title to the Shares to Bank Millennium, the "**Closing**"). The final Price will be adjusted based on the comparison between the final net asset value of Euro Bank (calculated, in principle, as at the Closing date) and the reference net asset value used as a basis for setting up the Price and as a result such final Price actually paid by Bank Millennium for the Shares may differ from the Price stated above. Bank Millennium

will notify of the final amount of the Price in an appropriate current report. Bank Millennium does not intend to raise share capital to finance the Transaction.

The Closing of the Transaction is contingent on the fulfilment of certain conditions precedent set out in the SPA, which include: (i) obtaining consent of the appropriate antitrust authority; and (ii) obtaining clearance from the Polish Financial Supervision Authority (the "**PFS**A") confirming that there is no objection to the acquisition by Bank Millennium of the Shares (the "**Conditions**"). Furthermore, the Transaction requires filing of a notification to the European Central Bank by Banco Comercial Português, S.A. (being the majority shareholder of Bank Millennium).

The Conditions must be fulfilled (or waived in accordance with the SPA) before the long-stop date, which is set at the first anniversary of the execution of the SPA. If the Conditions are not fulfilled (or waived) before the long stop date, either Party will have the right to rescind the SPA, which will result in the cancellation of the Transaction on the terms set out in the SPA. Bank Millennium will publicly announce that the Conditions have been or have not been fulfilled in appropriate current reports.

Moreover, the Parties are entitled to rescind the SPA in certain situations specified therein.

Additionally, the SPA envisages that at the Closing the funding provided to Euro Bank by SG (including the subordinated debt provided by SG) will be repaid or refinanced by Euro Bank and/or by Bank Millennium in full (and in respect of the subordinated debt, provided by SG, subject to obtaining appropriate consents of the PFS A in this respect).

The SPA contains certain warranties given by the Seller concerning the Shares and the business activity of Euro Bank and specifies the terms of the Seller's liability in that regard.

The SPA contains also non-compete undertaking of the Seller with regard to taking up or conducting certain types of banking activity in Poland by the Seller and/or its group companies (save for, *inter alia* the activity conducted by the SG Branch in Poland) as well as non-solicitation undertaking of the Seller and/or its group companies regarding the key employees of Euro Bank.

Due to the fact that the Euro Bank holds a portfolio of loans denominated in CHF or denominated in PLN but indexed in CHF ("**CHF Portfolio**") that will be part of the assets of Euro Bank as at the Closing, the Parties agreed in the SPA that at the Closing Euro Bank and SG will enter into a CHF Portfolio Indemnity and Guarantee Agreement (the "**CHF Agreement**") providing for: (i) 10-year guarantees related to (a) an agreed portion of credit risk related to the loans performing as at Closing within the CHF Portfolio and (b) an agreed portion of the increase in cost of risk related to the loans non-performing as at Closing within the CHF Portfolio; and (ii) a 20-year indemnity related to certain other losses resulting from proceedings, litigations or changes in law related to the CHF Portfolio within the scope specified in the CHF Agreement. The CHF Agreement will provide for certain obligations of Euro Bank related to, *inter alia*, the administration of the CHF Portfolio and certain principles of liability of SG.

The SPA envisages also that at the Closing Euro Bank and SG will enter into an agreement related to the provision by SG of certain limited transitional services for Euro Bank following the Closing.

The SPA and the other documentation of the Transaction are governed by Polish law.

Following the Transaction Bank Millennium will retain the right to name and logo of Euro Bank. However, Bank Millennium's aim following the Closing is to focus on integration of Euro Bank into Bank Millennium group. Additionally, Bank Millennium intends to merge Euro Bank into Bank Millennium, subject to obtaining relevant regulatory approvals in this respect. Once the merger process is commenced Bank Millennium will publish an appropriate current report.

Significant synergy potential ...

4

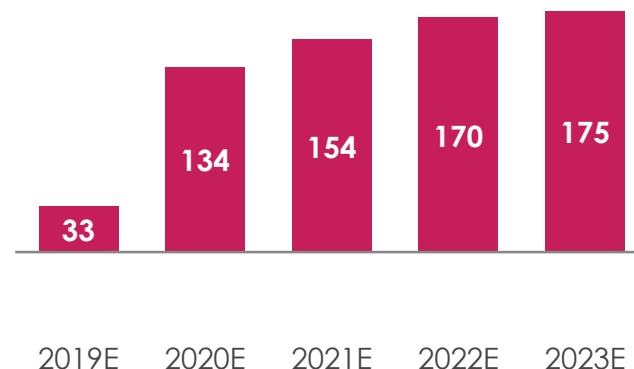

Overview of synergies

- Total pre-tax integration costs of c.a. **350 mln PLN** ¹ spread over 2019 – 2022 but predominantly incurred in first two years, while expected 5 year synergies to be c.a. **650 mln PLN**
- Targeted fully-loaded yearly cost synergies make **13%** of combined 2017 cost base
- Combined bank would have pro forma 2017 C/I of 42.9% ² compared to 45.8% for Bank Millennium, so transaction would move the Bank closer to its cost to income target of 40% set in 2020 Strategy
- Relatively low operational dependence on Société Générale Group should facilitate seamless integration of eurobank into Bank Millennium

Sources of synergies

- Optimisation of branch network and related costs, partially offset by revenue dis-synergies primarily driven by potential client churn
- Consolidation of back office and support functions, core IT systems and marketing efforts
- Higher bank levy cost due to elimination of eurobank tax-exemption amount after merger

Business synergies ³ (pre-tax, PLN mln)

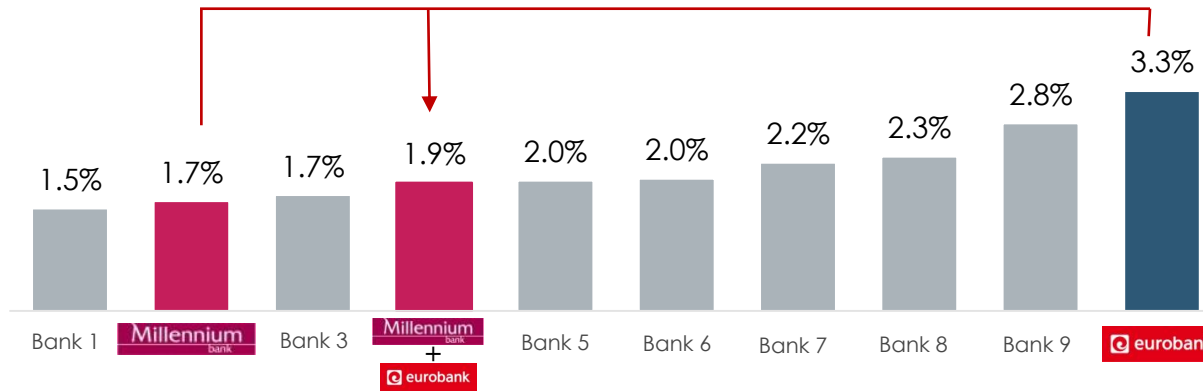

... if delivered, should bring high EPS accretion of the transaction

4

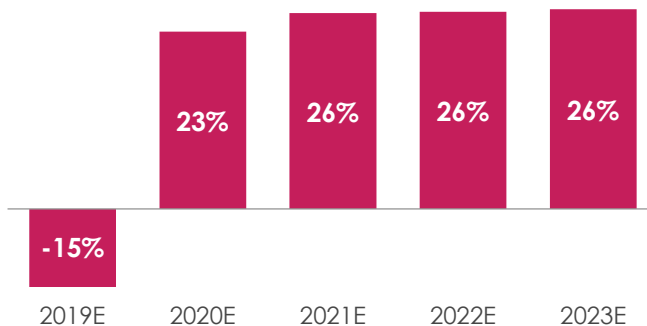

Market leading cost efficiency of Bank Millennium should facilitate achievement of cost synergy targets

Operating expenses over average assets (2017)

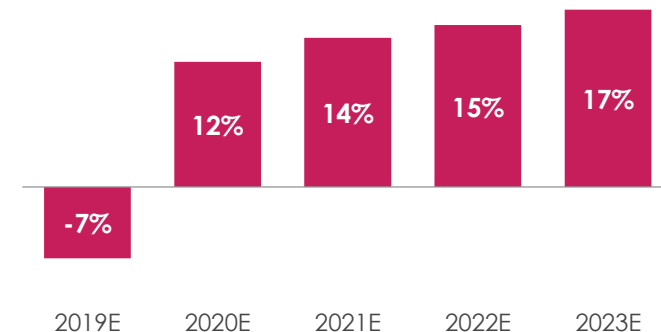

- 4% OPEX increase for 27% growth in retail customer base from 2014 to 2017 exemplifies Bank Millennium's ability to increase scale at negligible costs

EPS accretion (incl. integration costs)

Return on Investment (incl. integration costs)
