## **Aino Health receives a bridge loan of SEK 4,5 million from owners**

The Board of Directors of Aino Health AB (publ) (“Aino Health” or “the Company”) has today received a bridge loan of SEK 4,5 million from the owners Jonas Nordlander and Filip Engelbert. The purpose of the bridge loan is to strengthen the Company's liquidity, for the payment of deferred tax, value added tax and employer contributions, but also to secure working capital. According to Nasdaq First North Growth Markets' recommendation, companies' cash and cash equivalents must always exceed three months' need of working capital, which the Company fulfills through the bridge loan. The intention is that the bridge loan will be repaid when the Company has received the proceeds from the rights issue. No interest is paid for the loan.
