

## Seaway 7 awarded preferred supplier status for Seagreen 1A

**Luxembourg – 7 June 2022** - Subsea 7 S.A. (Oslo Børs: SUBC, ADR: SUBCY) today announced that Seaway 7 ASA<sup>1</sup> has been selected by Seagreen 1 Limited as a preferred supplier for the Seagreen 1A offshore wind project, offshore Scotland. Seagreen 1A lies adjacent to the existing Seagreen project that Seaway 7 is currently progressing and represents approximately 500MW of additional renewable energy generation capacity.

Seaway 7's scope of work is under final negotiation and may include the full engineering, fabrication, transport and installation of 36 foundations, transportation and installation of the offshore substation and the procurement and installation of inner-array cables. Execution of the scope will be led from Seaway 7's Aberdeen office.

The project is expected to commence in 2023 with offshore work commencing in late 2024 and could be operational by 2025/26.

The timeframe and Seaway 7's selection are subject to the Seagreen 1A project securing consent and a final investment decision by SSE Renewables and TotalEnergies. The value related to this very large<sup>2</sup> agreement is expected to be recognised in Seaway 7's backlog after final contractual terms have been agreed.

Stuart Fitzgerald, CEO Seaway 7, said: *"We are delighted to be continuing our successful relationship with SSE Renewables and TotalEnergies to progress the Seagreen 1A project. The project will continue to be managed from our office in Aberdeen where we are bringing over a decade of UK offshore wind expertise to Scotland's largest offshore wind project."*

John Evans, CEO Subsea 7, said: *"We are very pleased to be continuing our proactive participation in the UK's ongoing energy transition and we look forward to extending our long-term collaboration with SSE Renewables, which began in 2009 with the pioneering Greater Gabbard development and continued with Beatrice, Seagreen and Dogger Bank."*

<sup>(1)</sup> Seaway 7 is listed on Euronext Growth (SEAW7) and is part of the Subsea 7 S.A. Group.

<sup>(2)</sup> Subsea 7 defines a very large contract as being between USD 500 million and USD 750 million.

\*\*\*\*\*  
Subsea 7 is a global leader in the delivery of offshore projects and services for the evolving energy industry, creating sustainable value by being the industry's partner and employer of choice in delivering the efficient offshore solutions the world needs.

**Forward-Looking Statements:** This announcement may contain 'forward-looking statements' (within the meaning of the safe harbour provisions of the U.S. Private Securities Litigation Reform Act of 1995). These statements relate to our current expectations, beliefs, intentions, assumptions or strategies regarding the future and are subject to known and unknown risks that could cause actual results, performance or events to differ materially from those expressed or implied in these statements. Forward-looking statements may be identified by the use of words such as 'anticipate', 'believe', 'estimate', 'expect', 'future', 'goal', 'intend', 'likely', 'may', 'plan', 'project', 'seek', 'should', 'strategy', 'will', and similar expressions. The principal risks which could affect future operations of the Group are described in the 'Risk Management' section of the Group's Annual Report and Consolidated Financial Statements for the year ended 31 December 2021. Factors that may cause actual and future results and trends to differ materially from our forward-looking statements include (but are not limited to): (i) our ability to deliver fixed price projects in accordance with client expectations and within the parameters of our bids, and to avoid cost overruns; (ii) our ability to collect receivables, negotiate variation orders and collect the related revenue; (iii) our ability to recover costs on significant projects; (iv) capital expenditure by oil and gas companies, which is affected by fluctuations in the price of, and demand for, crude oil and natural gas; (v) unanticipated delays or cancellation of projects included in our backlog; (vi) competition and price fluctuations in the markets and businesses in which we operate; (vii)

the loss of, or deterioration in our relationship with, any significant clients; (viii) the outcome of legal proceedings or governmental inquiries; (ix) uncertainties inherent in operating internationally, including economic, political and social instability, boycotts or embargoes, labour unrest, changes in foreign governmental regulations, corruption and currency fluctuations; (x) the effects of a pandemic or epidemic or a natural disaster; (xi) liability to third parties for the failure of our joint venture partners to fulfil their obligations; (xii) changes in, or our failure to comply with, applicable laws and regulations (including regulatory measures addressing climate change); (xiii) operating hazards, including spills, environmental damage, personal or property damage and business interruptions caused by adverse weather; (xiv) equipment or mechanical failures, which could increase costs, impair revenue and result in penalties for failure to meet project completion requirements; (xv) the timely delivery of vessels on order and the timely completion of ship conversion programmes; (xvi) our ability to keep pace with technological changes and the impact of potential information technology, cyber security or data security breaches; and (xvii) the effectiveness of our disclosure controls and procedures and internal control over financial reporting;. Many of these factors are beyond our ability to control or predict. Given these uncertainties, you should not place undue reliance on the forward-looking statements. Each forward-looking statement speaks only as of the date of this announcement. We undertake no obligation to update publicly or revise any forward-looking statements, whether as a result of new information, future events or otherwise.
