Bekaert included in BEL ESG index of Euronext Brussels

Bekaert is delighted to have been selected as a member of the new BEL ESG index and see our sustainability performance and progress recognized.

The BEL ESG index comprises the leading sustainable, Belgian listed companies and tracks those demonstrating the best environmental, social and governance practices. The index also highlights the market's growing demand for sustainable investments.

This morning we celebrated the inclusion of Bekaert in the BEL ESG index during a bell ceremony at Euronext Brussels.

About Bekaert

Bekaert's ambition is to be the leading partner for shaping the way we live and move, and to always do this in a way that is safe, smart, and sustainable. As a global market and technology leader in material science of steel wire transformation and coating technologies, Bekaert also applies its expertise beyond steel to create new solutions with innovative materials and services for markets including new mobility, low-carbon construction, and green energy. Founded in 1880, with its headquarters in Belgium, Bekaert (Euronext Brussels, BEKB) is a global company whose 27 000 employees worldwide together generated € 5.9 billion in combined revenue in 2021.

Bekaert sustainability strategy

From making a positive impact with its sustainable solutions and practices, to building a diverse and inclusive future, Bekaert is determined to improve life and create value for all stakeholders. Bekaert delivers on its sustainability strategy by developing and offering sustainable solutions, using materials and energy responsibly, conducting the highest business ethics standards, improving health and safety at the workplace, and engaging employees and business partners throughout the supply chain. By investing in renewable energy, Bekaert contributes to reaching emission reduction targets and accelerating the energy transition that is required to reduce the impacts of climate change.
