

SBM Offshore signs a US\$1.1 billion Revolving Credit Facility

Amsterdam, April 10, 2025

SBM Offshore announces that it has signed a US\$1.1 billion unsecured Revolving Credit Facility (RCF) with a group of 13 international banks to refinance its existing US\$1.0 billion RCF which was due to expire in February 2026. The new RCF has a tenor of five years and two one-year extension options as well as an uncommitted option to increase the facility by an additional US\$500 million.

The RCF is an important pillar of the Company's financing strategy and can be used to finance general corporate purposes and working capital needs during the construction of floating production solutions. Eligible green projects can be funded under a specific green tranche of US\$100 million.

The successful syndication of the increased RCF reflects the strong support SBM Offshore continues to receive from financial institutions across the globe.
