

ANNUAL GENERAL MEETING OF SKEL FJÁRFESTINGAFÉLAG HF. COMPANY HF., 7 MARCH 2024

Proposals for the Annual General Meeting

A. Proposal for the nomination of a chairman of the meeting - ITEM 1 ON THE AGENDA

Viðar Lúðvíksson, attorney, nominated as chairman of the meeting.

B. Proposal to approve the Company's annual financial statement – ITEM 3 ON THE AGENDA

The Board proposes the approval of the Financial Statement for 2023.

Reasoning:

The Company's Financial Statement for 2023 can be accessed on the Company's website, <https://skel.is/fjarfestar/arsreikningar>.

The Annual Financial Statement will be presented by the CEO of SKEL Investment Company, Ásgeir Helgi Reyk fjörð Gylfason

C. Proposal on allocation of Company's profits – ITEM 4 ON THE AGENDA

The Board of Directors of the Company proposes payment of a dividend to shareholders in 2024, in respect of the year 2023, in the amount of 750,000,000.

In line with the Company's dividend policy, the Board proposes payment of a dividend in respect of the year 2023 in the amount of ISK 0.39 per outstanding share, or ISK 750,000,000 million, which corresponds to 1.6% of the Company's total assets. The entitlement of shareholders to dividend payments will be based on the Company's share register as at 11 March 2024 (record date). The ex-date, i.e. the date on which trading begins in shares in the Company without entitlement to dividends for the financial year of 2024, will be set as 8 March 2024, the next trading day following the annual general meeting. It is proposed that dividends should be paid on 16 April 2024 (payment date).

D. Proposal to remove Article 2 of the Company's Articles of Association – ITEM 5 ON THE AGENDA

The Board proposes to delete Article 2 of the Company's Articles of Association, which reads as follows: *"The domicile of the Company is at Borgartún 26, 105 Reykjavík [Iceland]."*

Reasoning:

The registered domicile of the Company is Kalkofnsvegur 2, 101 Reykjavík [Iceland]. The motion of the Board is merely to correct the Articles accordingly. With Act No. 132/2014 the obligation to specify a company's domicile in its articles was discontinued.

See in other respects the full amendments of the current Articles of Association of the Company in a separate document in an Annex hereto.

E. Motion on to correct a citation of law in Article 6 of the Company's Articles of Association – ITEM 6 ON THE AGENDA

The Board proposes to correct legal reference in Article 6 of Articles of Association so as to cite the correct Act on the electronic registration of shares in the Company.

The Board proposes the following amendment of Article 6 of the Articles of Association.

The Company's shares are issued electronically in a securities depository in accordance with the ~~Act on electronic registration of title to securities No. 131/1997~~ Article 27 of Act No. 2/1995 on limited liability companies and Act No 7/2020 on central securities depositories, settlement and electronic registration of financial instruments. The Company shall maintain a share ledger which shall be accessible to all shareholders at the Company's office. Persons acquiring shares in the Company cannot exercise their rights as shareholders unless their names have been entered in the Company's share ledger. A printout of titles from a securities depository confirming title to shares in the Company shall be regarded as an adequate basis for a share ledger.

The clean proposal is therefore as follows:

The Company's shares are issued electronically in a securities depository in accordance with Article 27 of Act No. 2/1995 on limited liability companies and Act No 7/2020 on central securities depositories, settlement and electronic registration of financial instruments. The Company shall maintain a share ledger which shall be accessible to all shareholders at the Company's office. Persons acquiring shares in the Company cannot exercise their rights as shareholders unless their names have been entered in the Company's share ledger. A printout of titles from a securities depository confirming title to shares in the Company shall be regarded as an adequate basis for a share ledger.

Reasoning:

Article 6 of the current Articles of Association refer to the Act on Electronic Registration of Title to Securities No. 131/1997. With the entry into force of Act No. 7/2020 on central securities depositories, settlement and electronic registration of financial instruments, Act No. 131/1997 was repealed. The Motion of the Board is to correct the citation of law. No substantive change is involved.

See in other respects the full amendments of the current Articles of Association of the Company in a separate document in an Annex hereto.

F. Proposal to reduce the share capital by cancelling own shares, along with corresponding change to the Articles of Association - ITEM 7 ON THE AGENDA

The Board proposes to amend the Articles of Association of the Company so as to reduce the share capital of the Company for reasons of purchases of own shares in accordance with Section 54.3(1) of the Companies Act No. 2/1995. The share capital of the Company will thereby be reduced by an amount corresponding to the Company's own shares, 57,554,742 ISK in nominal value.

The Board proposes the following amendment to Article 4 of the Company's Articles of Association:

The share capital of the Company amounts to ISK 1,878,479,032 (one billion eight hundred seventy-eight million four hundred and seventy nine thousand thirty-two ISK) ~~1,936,033,774, (one billion nine hundred thirty six million thirty three thousand seven hundred and seventy four krónur)~~. The share capital is divided into shares with each share corresponding to one - 1 - ISK in nominal value.

[...]

The Board of Directors of the Company is authorised to increase the share capital of the Company by up to 96,801,689 ISK in nominal value, through subscriptions to new shares, ~~up to a maximum of 5% of the nominal value of the Company's share capital~~, in order to meet obligations to SKEL Investment Company's employees grounded in stock options and purchase and/or subscription agreements in accordance with SKEL's remuneration policy and stock option plan. The shareholders waive their pre-emptive rights to the shares added in accordance with this authorisation. The new shares shall carry rights in the Company from the date of registration of the increase in share capital and they shall be subject to the Articles of Association of the Company. There are no restrictions on trading in the new shares, and the new shares shall be in the same class and confer the same rights as other shares in the Company. Redemption obligations are subject to the second paragraph of Article 10 of these Articles of

Association. The authorisation shall lapse on 10 March 2027 to the extent that it has not then been exercised.

The clean proposal is therefore as follows:

The share capital of the Company amounts to ISK 1,878,479,032 (one billion eight hundred seventy-eight million four hundred and seventy nine thousand thirty-two ISK). The share capital is divided into shares with each share corresponding to one - 1 - ISK in nominal value.

[...]

The Board of Directors of the Company is authorised to increase the share capital of the Company by up to 96,801,689 ISK in nominal value in order to meet obligations to SKEL Investment Company's employees grounded in stock options and purchase and/or subscription agreements in accordance with SKEL's remuneration policy and stock option plan. The shareholders waive their pre-emptive rights to the shares added in accordance with this authorisation. The new shares shall carry rights in the Company from the date of registration of the increase in share capital and they shall be subject to the Articles of Association of the Company. There are no restrictions on trading in the new shares, and the new shares shall be in the same class and confer the same rights as other shares in the Company. Redemption obligations are subject to the second paragraph of Article 10 of these Articles of Association. The authorisation shall lapse on 10 March 2027 to the extent that it has not then been exercised.

Reasoning:

The Annual General Meeting of SKEL Investment Company hf. held on 9 March 2023 authorised the Board of Directors of the Company, in accordance with Article 55 of Act No 2/1995 on limited liability companies, to purchase up to 10% of its share capital.

On 12 July 2023 the decision of the Board on the execution of the repurchase programme was announced. The plan was to purchase a maximum of 18,518,518 shares in the Company, corresponding to 0.956% of issued shares, but on the condition that the amount of the repurchase would never exceed 250,000,000 in purchase price. The objective of the plan was to reduce the issued capital stock of the Company. Repurchases in accordance with the plan began on 13 July 2023. The end of the repurchase was announced on 15 September 2023. SKEL acquired a total of 18,518,518 own shares for 242,482,196 ISK, which corresponds to 0.956% of the Company's share capital.

On 15 September the decision of the Board on the execution of a second repurchase programme was announced. The plan was to purchase a maximum of 9.04% of the issued shares, but on the condition that the amount of the repurchase would never exceed 500,000,000 in purchase price. The objective of the plan was to reduce the issued capital stock of the Company. Repurchases in accordance with the plan began on 18 September 2023. Purchases in accordance with the plan ended on 29 December 2023. SKEL purchased a total of 39,036,224 own shares for 499,999,995 ISK. At the end of the repurchase programme SKEL held 57,554,742 own shares, which corresponds to 2.97% of the Company's total share capital.

The objective of these repurchases was to reduce the Company's share capital. With reference to the permission granted in Section 54.3(1) of the Companies Act No. 2/1995 the Board of the Companies moves to reduce capital through the invalidation of own shares that were acquired in 2023. The reduction will not affect the shares held by other shareholders. If the motion is carried by the annual general meeting, the share capital in the articles of association will be reduced on 1,877,479,032 ISK in nominal value.

If the motion of the Board on a reduction in share capital is carried, this will increase the ratio of awarded stock options. Awarded stock options would therefore no longer be 5% of the Company's total share capital. IF the motion to reduce share capital is carried at the annual general meeting it will be necessary to delete the reference to percentage of total Issued share capital to permit the Board to meet obligations under the Stock Option Plan approved at SKEL's annual general meeting on 10 March 2022. The motion is intended to ensure that stock option holders will remain on the same footing following the reduction in share capital with the invalidation of shares.

See in other respects the full amendments of the current Articles of Association of the Company in a separate document in an Annex hereto.

G. Proposal for amendment of the Company's remuneration policy and approval of a Stock Option Plan – ITEM 8 ON THE AGENDA

The Board of Directors proposes an amendment of the Company's remuneration policy for 2024-2025 in line with a report of the Remuneration Committee.

First, it is proposed that in very exceptional circumstances in the Company's operations, e.g. resulting from a heavy workload on employees, redeemed gains on sales in excess of expectations and/or exceptional work

performance, the CEO is permitted, with the consent of the Remuneration Committee to pay bonuses to employees even when benchmarks according to Article 7 of the Remuneration Policy are not achieved.

Second, it is proposed that a stock option plan should be adopted employees of the Company and Board of Directors should be authorised to issue up to 1% of outstanding shares for the purposes of stock options in 2024-2029. This authorisation does not extend to awarding further stock options to the key managers that were awarded stock options on the basis of the Stock Option Plan that was approved at the annual general meeting of 10 March 2022.

Reasoning:

The updated remuneration policy of the Company and draft Stock Option Plan can be accessed on SKEL's website: <https://skel.is/hluthafar/hluthafafundir-skel>

With the updated Remuneration Policy the CEO will be authorised, with the consent of the Remuneration Committee, to pay to employees a bonus amounting to up to 25% of the employee's total annual wages even if benchmarks in the Company's operation have not been achieved. Such bonuses shall come under consideration under very special circumstances in the Company's operation, e.g. for reasons of a heavy workload of employees, redeemed gains on sales in excess of projections and/or exceptional work performance.

With the approval of the Stock Option Plan the CEO of the Company, with the consent of the Remuneration Committee, will be authorised to award stock options to employees of the Company amounting to up to 18.784,790 shares, which corresponds to 1% of the Company's share capital at the time of approval of the Stock Option Plan. The Board will not be authorised on the basis of these changes to award further stock options to the key managers that were awarded stock options on the basis of the Stock Option Plan that was approved at the Company's annual general meeting of 10 March 2022. This Stock Option Plan is intended to be supplementary and authorisations under the Plan are limited to the award of stock options to other employees of the Company. The accrual period of stock options will be three years. The exercise period will be three years following the accrual period, as provided in the Company's Remuneration Policy. The exercise price of the call option shall be in accordance with the Company's Remuneration Policy.

SKEL has, as a shareholder, encouraged the companies that SKEL invests in to establish incentive programmes designed to link the interests of employees and shareholders. SKEL believes that prudently implemented incentive programmes increase the likelihood of good operating performance and companies achieving their long-term objectives for the benefit of all stakeholders. Also, SKEL is of the opinion that employees should benefit when success is achieved and shareholders' returns are favourable.

SKEL is the only investment company that is listed in the market today. SKEL has six employees managing the Company's 50 billion ISK portfolio. In the opinion of the Board it is important to limit staff turnover in a company that has such few employees, where important knowledge of the Company's operation and portfolio may be lost if employees choose to leave. Stock options are an appropriate means of keeping employees with the Company.

The motion submitted by the Board is intended to ensure that the Company's employees enjoy similar performance-linked benefits that SKEL has encouraged the companies that SKEL invests in to implement.

H. Proposal to amend the Company's Articles of Association in order to authorise an increase in share capital for the purposes of a stock option plan – ITEM 9 ON THE AGENDA

The Board of Directors of the Company proposes the following amendment of the Articles of the Company regarding the authorisation of the Board to increase the Company's share capital for the purposes of stock option agreements..

The Board moves to amend paragraph 3 of Article 4 of the Company's Articles of Association as follows:

"The Board of Directors of the Company is authorised to increase the share capital of the Company by up to 115,586,479 ISK~~96,801,689 ISK~~ in nominal value in order to meet obligations to SKEL Investment Company's employees grounded in stock options and purchase and/or subscription agreements in accordance with SKEL's remuneration policy and the Stock Option Plan approved at the annual general meeting of the Company on 7 March 2024. The shareholders waive their pre-emptive rights to the shares added in accordance with this authorisation. The new shares shall carry rights in the Company from the date of registration of the increase in share capital and they shall be subject to the Articles of Association of the Company. There are no restrictions on trading in the new shares, and the new shares shall be in the same class and confer the same rights as other shares in the Company. Redemption obligations are subject to the second paragraph of Article 10 of these Articles of Association. The

authorisation shall lapse on 7 March 2029 ~~10 March 2027~~ to the extent that it has not then been exercised."

The clean proposal is therefore as follows:

"The Board of Directors of the Company is authorised to increase the share capital of the Company by up to 115,586,479 ISK in nominal value in order to meet obligations to SKEL Investment Company's employees grounded in stock options and purchase and/or subscription agreements in accordance with SKEL's remuneration policy and the Stock Option Plan approved at the annual general meeting of the Company on 7 March 2024. The shareholders waive their pre-emptive rights to the shares added in accordance with this authorisation. The new shares shall carry rights in the Company from the date of registration of the increase in share capital and they shall be subject to the Articles of Association of the Company. There are no restrictions on trading in the new shares, and the new shares shall be in the same class and confer the same rights as other shares in the Company. Redemption obligations are subject to the second paragraph of Article 10 of these Articles of Association. The authorisation shall lapse on 7 March 2029 to the extent that it has not then been exercised."

Reasoning:

This motion is in accordance with the motion on amending the Remuneration Policy and the draft of the Stock Option Plan that can be accessed on SKEL's website, <https://skel.is/hluthafar/hluthafafundur-skel>

I. Proposal for authorisation to buy own shares – ITEM 10 ON THE AGENDA

The Board of Directors of the Company moves for the annual general meeting to grant to the Board of Directors of the Company continued authorisation to purchase own shares of the Company.

With reference to Article 8 of the Company's Articles of Association, the Board of Directors of the Company proposes the following amendments of an Annex to the Articles (changes are overstruck and underlined):

The Annual General Meeting' meeting of SKEL Investment Company hf., held on ~~09 March 2023~~ 7 March 2024 authorises the Board of Directors of the Company, subject to compliance with other conditions of law, to purchase, once or on more occasions, shares in the Company, on the condition that the Company, together with its other subsidiaries, shall only hold a maximum of 10% of the Company's shares. This authorisation shall be used for the purpose of setting up a formal repurchase programme or to extend to shareholders an invitation to sell to the Company shares in itself, for instance by means of an offer to shareholders, with the stipulation that there is no discrimination among shareholders as regards the invitation to participate in such transactions. In repurchasing, the highest permitted consideration for each share shall not exceed the price in the most recent arm's length trade or the highest existing arm's length offer to buy in business systems where trading in the shares is conducted, whichever is higher. Trading in the Company's own shares shall be announced in compliance with law and regulations. Other, earlier, authorisations to acquire own shares shall lapse on the approval of this authorisation."

The clean proposal is therefore as follows:

The Annual General Meeting' meeting of SKEL Investment Company hf. held on 7 March 2024 authorises the Board of Directors of the Company, subject to compliance with other conditions of law, to purchase, once or on more occasions, shares in the Company, on the condition that the Company, together with its other subsidiaries, shall only hold a maximum of 10% of the Company's shares. This authorisation shall be used for the purpose of setting up a formal repurchase programme or to extend to shareholders an invitation to sell to the Company shares in itself, for instance by means of an offer to shareholders, with the stipulation that there is no discrimination among shareholders as regards the invitation to participate in such transactions. In repurchasing, the highest permitted consideration for each share shall not exceed the price in the most recent arm's length trade or the highest existing arm's length offer to buy in business systems where trading in the shares is conducted, whichever is higher. Trading in the Company's own shares shall be announced in compliance with law and regulations. Other, earlier, authorisations to acquire own shares shall lapse on the approval of this authorisation."

Reasoning:

No substantive alteration is proposed of the authorisation granted by shareholders for the purchase of the Company's own shares at the annual general meeting held on 09 March 2023. With its motion the Board is proposing extension of that authorisation.

Should the Board of Directors decide to exercise this authorisation, that shall be done in accordance with the provisions of current law and a financial undertaking shall be entrusted with the execution under contract. Also, the authorisation, as regards the offer to shareholders, shall only be exercised to the extent that the formal repurchase programme is not seen to be sufficient to achieve the intended objectives, e.g. pursuant to the Company's dividend policy or practical financial structure.

In order to secure non-discrimination among shareholders and ensure the transparency of such trades, it is assumed that the terms of the offer should be published after the closing of the markets and expire before their re-opening.

It is proposed that the authorisation for repurchase, whether under a formal repurchase programme or by an offer to shareholders, should be temporary and subject to review at the next annual general meeting of the Company.

This is not an actual amendment of the Articles of Association of the Company; instead the authorisation (if granted) will be referred to in an Annex to the Articles of Association in conformity with Article 8 of the Company's Articles of Association. If shareholders adopt the motion of the Board of Directors, the current Annex to the Articles of Association on repurchase from 9 March 2023 will be deleted.

See in other respects the full amendments of the current Articles of Association of the Company in a separate document in an Annex hereto.

J. Proposal on an amendment to the Articles of Association of the Company to authorise the Board of Directors to increase share capital - ITEM 11 ON THE AGENDA

The Board of Directors submits the following proposal for the shareholders' meeting to grant to the Board continued authorisation to increase the Company's share capital by ISK 200,000,000 in nominal value, in one or more stages, and the waiver by shareholders of their pre-emptive rights.

The Board of Directors is therefore proposing the following amendments to paragraph 4 of Article 4 of the Articles of Association:

"The Board of Directors of the Company is authorised to decide on an increase in the share capital of the Company by up to ISK 200,000,000 in nominal value with the issue of new shares, in one or more stages. The authorisation of the Board under this provision is effective until 6 March 2025 ~~7 March 2024~~. Shareholders of the Company shall not have pre-emptive rights to subscribe to the new shares issued on the basis of the above authorisation, see Section 34.3 of the Act on Limited liability companies No. 2/1995 and the second paragraph of Article 4 of these Articles of Association. The Board of Directors of the Company shall decide the offering price of the new shares and the rules governing the purchase of shares at each time, subscription deadlines and due dates for payment. The increase may be effected in part or in full without payment in cash. The Board of Directors of the Company is authorised to make the necessary amendments to the Articles of Association of the Company in connection with the issue of the new shares."

The clean proposal is therefore as follows:

"The Board of Directors of the Company is authorised to decide on an increase in the share capital of the Company by up to ISK 200,000,000 in nominal value with the issue of new shares, in one or more stages. The authorisation of the Board under this provision is effective until 6 March 2025. Shareholders of the Company shall not have pre-emptive rights to subscribe to the new shares issued on the basis of the above authorisation, see Section 34.3 of the Act on Limited liability companies No. 2/1995 and the second paragraph of Article 4 of these Articles of Association. The Board of Directors of the Company shall decide the offering price of the new shares and the rules governing the purchase of shares at each time, subscription deadlines and due dates for payment. The increase may be effected in part or in full without payment in cash. The Board of Directors of the Company is authorised to make the necessary amendments to the Articles of Association of the Company in connection with the issue of the new shares."

Reasoning:

Authorisation to the Board of Directors of the Company to increase its share capital by up to 200,000,000 ISK in nominal value for use as payment for shares in other companies or to fund the Company's external growth. Shareholders shall waive their pre-emptive rights to buy in part or in full. Rights shall attach to the shares from the date of registration of the increase. This authorisation will remain in effect until the next annual general meeting.
