Condensed Notes to the interim Consolidated Financial Statements

Three and nine months ended September 30, 2025 and 2024

(Unaudited, in Canadian Dollars, except as otherwise noted)

1. NATURE OF OPERATIONS, BASIS OF PRESENTATION AND GOING CONCERN

Amaroq Ltd. (the "Corporation") (previously known as Amaroq Minerals Ltd.) was incorporated on February 22, 2017, under the Canada Business Corporations Act. As of June 19, 2024, the Corporation completed its continuance from the *Canada Business Corporations Act* into the Province of Ontario under the *Business Corporations Act (Ontario)*. The Corporation's head office is situated at 100 King Street West, Suite 3400, First Canadian Place, Toronto, Ontario, M5X 1A4, Canada. The Corporation operates in one industry segment, being the acquisition, exploration and development of mineral properties. It owns interests in properties located in Greenland. The Corporation's financial year ends on December 31. Since July 2017, the Corporation's shares are listed on the TSX Venture Exchange (the "TSX-V"). Since July 2020, the Corporation's shares are also listed on the AIM market of the London Stock Exchange ("AIM") and from November 1, 2022, on Nasdaq First North Growth Market Iceland which were transferred on September 21, 2023 on Nasdaq Main Market Iceland ("Nasdaq") under the AMRQ ticker. Since July 2025, the Corporation's shares trade on the OTCQX® Best Market ("OTCQX") in the United States of America under the AMRQF ticker.

These unaudited condensed interim consolidated financial statements for the nine months ended September 30, 2025 ("Financial Statements") were reviewed and authorized for issue by the Board of Directors on November 14, 2025.

1.1 Basis of presentation and consolidation

The Financial Statements include the accounts of the Corporation and those of its subsidiaries Nalunaq A/S and Suliap ApS, corporations incorporated under the Greenland Public Companies Act, owned at 100%. The Financial Statements also include the Corporation's 51% equity share of Gardaq A/S, a joint venture with GCAM LP (Note 6).

The Financial Statements have been prepared in accordance with International Financial Reporting Standards and International Accounting Standards as issued by the International Accounting Standards Board and interpretations (collectively IFRS Accounting Standards) including International Accounting Standard ("IAS") 34, Interim Financial Reporting. The Financial Statements have been prepared on the historical cost basis, except for financial instruments at fair value.

1.2 Accounting policies

The Financial Statements should be read in conjunction with the audited annual financial statements for the year ended December 31, 2024, which have been prepared in accordance with IFRS as issued by the IASB. The accounting policies, methods of computation and presentation applied in these Financial Statements are consistent with those of the previous financial year ended December 31, 2024, except as for the implementation of IFRS 15 during the nine months ended September 30, 2025 as a result of the Corporation commencing gold sales.

The Corporation recognises revenue from the sale of gold when control of gold has transferred to the customer and the performance obligations are satisfied, which occurs when legal title and the significant risks and rewards of ownership have passed to the customer, and the Corporation has no continuing managerial involvement with the goods.

1.3 Going concern

The Financial Statements have been prepared on a going concern basis, which contemplates the realization of assets and the satisfaction of liabilities in the normal course of business. The Corporation is transitioning from development to production at its flagship Nalunaq project. While initial commissioning activities have commenced, the Corporation has not yet generated significant revenues and continues to incur development and operating costs. The ability of the Corporation to continue as a going concern is dependent upon the successful ramp-up of production and achievement of positive operating cash flows to fund ongoing operations and capital commitments.

Condensed Notes to the interim Consolidated Financial Statements

Three and nine months ended September 30, 2025 and 2024

(Unaudited, in Canadian Dollars, except as otherwise noted)

2. CRITICAL ACCOUNTING JUDGMENTS AND ASSUMPTIONS

The preparation of the Financial Statements requires Management to make judgments and form assumptions that affect the reported amounts of assets and liabilities at the date of the Financial Statements and reported amounts of expenses during the reporting period. On an ongoing basis, Management evaluates its judgments in relation to assets, liabilities and expenses. Management uses past experience and various other factors it believes to be reasonable under the given circumstances as the basis for its judgments. Actual outcomes may differ from these estimates under different assumptions and conditions.

In preparing the Financial Statements, the significant judgements made by Management in applying the Corporation accounting policies and the key sources of estimation uncertainty were the same as those that applied to the Corporation's audited annual financial statements for the year ended December 31, 2024.

3. PREPAID EXPENSES AND OTHERS

6. INVESTMENT IN EQUITY ACCOUNTED JOINT ARRANGEMENT (CONT'D)

6.1 Financial Asset – Related Party

Subject to a Subscription and Shareholder Agreement dated 13 April 2023, the Corporation undertakes to subscribe to two ordinary shares in Gardaq (the “Amaroq shares”) at a subscription price of GBP 5,000,000 no later than 10 business days after the third anniversary of the completion of the subscription agreement.

Amaroq’s subscription will be completed by the conversion of Gardaq’s related party balance into equity shares. Gardaq’s related party payable balance consists of overhead, management, general and administrative expenses payable to the Corporation. In the event that the related party payable balance is less than GBP 5,000,000, the Corporation shall, no later than 10 business days after the third anniversary of Completion:

- a) subscribe to one Amaroq share by conversion of the amount payable to the Corporation,
- b) subscribe to one Amaroq share at a subscription price equal to GBP 5,000,000 less the amount payable to the Corporation

In the event that the amount payable to the Corporation exceeds GBP 5,000,000, the Corporation shall subscribe to the Amaroq shares at a subscription price equal to GBP 5,000,000 by conversion of GBP 5,000,000 of the amount due from Gardaq. Gardaq shall not be liable to repay any of the balance payable to the Corporation that exceeds GBP 5,000,000 (equivalent to CAD 9,352,550 as at September 30, 2025).

During the nine months ended September 30, 2025, the Corporation reclassified the financial asset as a current asset since the amount will be settled during April 2026. As a result, an amount of \$8,433,246 is classified as a current asset as at September 30, 2025 (\$6,699,179 classified as non-current as at December 31, 2024).

8. CAPITAL ASSETS (CONT'D)

Depreciation of capital assets related to exploration and evaluation properties is being recorded in exploration and evaluation expenses in the consolidated statement of comprehensive loss, under depreciation. Depreciation of \$189,602 (\$556,632 for the nine months ended September 30, 2024) was expensed as exploration and evaluation expenses during the nine months ended September 30, 2025. During the nine months ended September 30, 2025, Buildings, Equipment, Infrastructure and Vehicles and rolling stock depreciation of \$408,756 (\$nil for the nine months ended September 30, 2024) was capitalized to construction in progress.

During the first nine months of 2025 the Corporation capitalised borrowing costs of \$3,912,560 (\$4,263,933 for the first nine months of 2024) to construction in progress, which are included in additions. Borrowing costs included in the cost of construction in progress arose on the Corporation's convertible note and loan payables. Refer to note 10 for details with respect to the interest rates on these loans.

10. LOANS PAYABLE (CONT'D)

The Corporation's US\$35 million debt financing package with Landsbankinn consists of three Revolving Credit Facilities:

- US\$18.5 million Facility A with a margin of 9.5% per annum, reduced to 7.5% once Facility C has become available.
- US\$10 million Facility B with a margin of 9.5% per annum, reduced to 7.5% once Facility C has become available
- US \$6.5 million Facility C with a margin of 7.5%, which becomes available once all other facilities have been fully drawn and the Corporation's cumulative EBITDA over the preceding three-month period exceeds CAD 6 million
- Facility A was utilized to refinance the Corporation's prior existing revolving credit facilities. Facilities B and C are applied towards working capital and general corporate purposes. These facilities involve covenants relating to EBITDA and the Corporation's equity ratio.
- The facilities are secured by a combination of a property and operational equipment mortgage, share pledge over subsidiaries, certain bank account pledges and a license transfer agreement.
- In May 2025, these facilities refinanced prior facilities and the amount of loans to be repaid as of September 30, 2025 amounts to C\$42,586,321.

The Corporation had two leases for its offices. In October 2020, the Corporation started a lease for five years and five months including five free rent months during this period. The monthly rent was \$8,825 until March 2024 and \$9,070 for the balance of the lease. The Corporation had the option to renew the lease for an additional five-year period at \$9,070 monthly rent indexed annually to the increase of the consumer price index of the previous year for the Montreal area. During February 2025, management determined that they will not renew the lease when it expires on February 28, 2026, and subsequently agreed with the lessor to terminate the lease at the end of September 2025. As a result a lease modification of \$529,974 was recognized during the nine-month period ended September 30, 2025 due to the early termination of the lease.

In March 2024, the Corporation started a new office lease for a two-year term with the option to extend for two more years. The monthly rent is \$5,825 until March 2025 after which the monthly rent may increase as per the lease terms.

During June 2025, the Corporation entered into a two-year lease for a drill rig, with August 1, 2025, being the lease commencement date. Under the terms of the lease, ownership of the drill rig will be transferred to the Corporation at the end of the lease term.

Accretion	656,128	420,639
Total asset retirement obligation	8,070,470	7,253,852

The asset retirement obligation represents the present value of the costs associated with the Corporation's mine decommissioning, cleanup, removal, de-contamination and closure plan ("the closure plan"). The closure plan has been developed in accordance with the guidelines of Section 43(2) of the Mineral Resources Act of Greenland. This obligation will be settled towards the end of the mine's life, which is estimated to be during the year 2035. The Corporation has set up an escrow account with the Government of Greenland as beneficiary as security for fulfilling the closure obligations (note 5).

The Corporation has determined that the obligation's costs will be incurred mainly in Danish Krone (DKK) and has utilized DKK foreign exchange rates and risk-free rates on government bonds to measure the obligation. Accretion of discount for the three and nine months ended September 30, 2025 of \$69,291 and \$656,128 respectively (\$nil for the three and nine months ended September 30, 2024) includes both the foreign exchange impact and accretion of the obligation as they both affect estimated future cash flows.

13. SHARE CAPITAL

13.1 Share Capital

The Corporation is authorized to issue an unlimited number of common voting shares and an unlimited number of preferred shares issuable in series, all without par value.

13.2 Fundraising June 30, 2025

On June 30, 2025, the Corporation closed its fundraising pursuant to which it raised gross proceeds of approximately GBP 45.0 million (CAD \$83.2 million, ISK 7.6 billion) through a placing of 42,221,080 common shares of the Corporation pursuant to the UK Placing, 8,550,810 common shares of the Corporation pursuant to the Icelandic Placing, and 2,214,146 common shares of the Corporation pursuant to the Direct Private Placement Subscription, which have been issued at a price of 85 pence (CAD \$1.57, ISK 144 at the closing exchange rate on June 10, 2025) per new common share and will be admitted to trading on AIM, Nasdaq Iceland's main market, and the TSX-V. A total of 52,986,036 new common shares have been placed as part of the Fundraising.

14. STOCK-BASED COMPENSATION

14.1 Stock options

An incentive stock option plan (the "Plan") was approved initially in 2017 and renewed by shareholders on June 13, 2025. The Plan is a "rolling" plan whereby a maximum of 10% of the issued shares at the time of the grant are reserved for issue under the Plan to executive officers, directors, employees and consultants. The Board of directors attributes that the stock options and the exercise price of the options shall not be less than the closing price on the last trading day, preceding the grant date. The options have a maximum term of ten years. Options granted pursuant to the Plan shall vest and become exercisable at such time or times as may be determined by the Board, except options granted to consultants providing investor relations activities shall vest in stages over a 12-month period with a maximum of one-quarter of the options vesting in any three-month period. The Corporation has no legal or constructive obligation to repurchase or settle the options in cash.

On September 22, 2025, the Corporation granted its employees 23,255 stock options with an exercise price of \$1.29 per share. The stock options will vest three months from the grant date. The options were granted at an exercise price equal to the closing market price of the shares the day prior to the grant.

On March and April 2025, an employee of the Corporation exercised his options. As a result, 154,592 options were exercised which resulted in the employee receiving 88,583 shares net of applicable withholdings.

Changes in stock options are as follows:

	Nine months ended September 30, 2025		December 31, 2024	
	Number of options	Weighted average exercise price	Number of options	Weighted average exercise price
Balance, beginning	7,220,075	\$ 0.59	9,188,365	\$ 0.59

14.2 Restricted Share Unit

14.2.1 Description

Conditional awards were made in 2022 that give participants the opportunity to earn restricted share unit awards under the Corporation's Restricted Share Unit Plan ("RSU Plan") subject to the generation of shareholder value over a four-year performance period.

The awards are designed to align the interests of the Corporation's employees and shareholders by incentivising the delivery of exceptional shareholder returns over the long-term. Participants receive a 10% share of a pool which is defined by the total shareholder value created above a 10% per annum compound hurdle.

The awards comprise three tranches, based on performance measured from January 1, 2022, to the following three measurement dates:

- First Measurement Date: December 31, 2023;
- Second Measurement Date: December 31, 2024; and
- Third Measurement Date: December 31, 2025.

Restricted share unit awards granted under the RSU Plan as a result of achievement of the total shareholder return performance conditions are subject to continued service, with vesting as follows:

- Awards granted after the First Measurement Date - 50% vest after one year, 50% vest after three years.
- Awards granted after the Second Measurement Date - 50% vest after one year, 50% vest after two years.
- Awards granted after the Third Measurement Date - 100% vest after one year.

The maximum term of the awards is therefore four years from grant.

14. STOCK-BASED COMPENSATION (CONT'D)

The Corporation's starting market capitalization is based on a fixed share price of \$0.552. Value created by share price growth and dividends paid at each measurement date will be calculated with reference to the average closing share price over the three months ending on that date.

- After December 31, 2023, 100% of the pool value at the First Measurement Date is delivered as restricted share units under the RSU Plan, subject to the maximum number of shares that can be allotted not being exceeded.
- After December 31, 2024, the pool value at the Second Measurement Date is reduced by the pool value from the First Measurement Date (increased in line with share price movements between the First and Second Measurement Dates). 100% of the remaining pool value, if any, is delivered as restricted share units under the RSU Plan.
- After December 31, 2025, the pool value at the Third Measurement Date is reduced by the pool value from the Second Measurement Date (increased in line with share price movements between the Second and Third Measurement Dates), and then further reduced by the pool value from the First Measurement Date (increased in line with share price movements between the First Measurement Date and the Third Measurement Date). 100% of the remaining pool value, if any, is delivered as restricted share units under the RSU Plan.

On August 14, 2024, the Corporation granted a new conditional award under a separate RSU plan to the Corporation's newly appointed Chief Financial Officer. This award entitles the participant to receive a 12% share of a pool defined by the total shareholder value created above a 10% per annum compound hurdle rate. Performance is measured from August 6, 2024, to the measurement date on December 31, 2025 (note 14.2.4).

On December 19, 2024, the Corporation granted new RSUs to its employees. The awards will vest on December 19, 2025, the one-year anniversary of the grant, with all other terms governed by the RSU Plan.

On September 8, 2025, the Corporation granted new RSUs to its employees. The awards will vest on September 8, 2026, the one-year anniversary of the grant, with all other terms governed by the RSU Plan.

On April 11, 2025, 3,329,704 restricted shares vested and were converted to common shares and transferred to capital stock.

14.2.2 RSU Plan Amendment

The RSU Plan was amended by the Annual General Shareholders' meeting on June 14, 2024. The approved amendments to the RSU Plan indicated that Investor Relations Service Providers (as defined in the RSU Plan) cannot be granted any RSUs. In addition, as the RSU Plan is a "rolling" plan, under Policy 4.4 of the TSXV, a listed company on the TSXV is required to obtain the approval of its Shareholders for a "rolling" plan at each annual meeting of Shareholders.

14.2.3 Conditional Award under RSU Plan 2023

On October 13, 2023, Amaroq made an award (the "Award") under the RSU Plan as detailed below. The Award consists of a conditional right to receive value if the future performance targets, applicable to the Award, are met. Any value to which the participants are eligible in respect of the Award will be granted as Restricted Share Units (each an "RSU"), with each RSU entitling a participant to receive common shares in the Corporation. Each RSU will be granted under, and governed in accordance with, the rules of the Corporation's Restricted Share Unit Plan.

14.2.5 Valuation

The fair value of the award granted in December 2022 and modified June 2023, in addition to the award granted October 13, 2023, increased to \$7,378,000 based on 90% of the available pool being awarded.

During June 2024, some of the awards were forfeited due to the departure of Jaco Crouse, CFO of the Corporation, effective June 3, 2024. As a result of the departure, previously recognised RSU award vesting charges of \$566,875 were reversed and the percentage of the pool that was allocated was reduced to 70%.

During August 2024, new awards granted to the CFO increased the percentage of the pool that was allocated to 82%.

A charge of \$746,121 and \$2,221,299 was recorded during the three and nine months ended September 30, 2025, (a charge of \$610,654 and \$1,328,904 was recorded during the three and nine months ended September 30, 2024).

14. STOCK-BASED COMPENSATION (CONT'D)

The fair value was obtained through the use of a Monte Carlo simulation model which calculates a fair value based on a large number of randomly generated projections of the Corporation's share price.

Assumption	Value
Grant date	December 30, 2022
Amendment date	June 15, 2023
Additional award date	October 13, 2023
Forfeiture of 20% of the awards date	June 3, 2024

20. FINANCIAL INSTRUMENTS AND RISK MANAGEMENT

The Corporation is exposed to various risks through its financial instruments. The following analysis provides a summary of the Corporation's exposure to and concentrations of risk at September 30, 2025:

20.1 Credit Risk

Credit risk is the risk that one party to a financial instrument will cause financial loss for the other party by failing to discharge an obligation. The Corporation's main credit risk relates to its prepaid amounts to suppliers for placing orders, manufacturing and delivery of process plant equipment, as well as an advance payment to a mining contractor. The Corporation performed expected credit loss assessment and assessed the amounts to be fully recoverable.

20.2 Fair Value

Financial assets and liabilities recognized or disclosed at fair value are classified in the fair value hierarchy based upon the nature of the inputs used in the determination of fair value. The levels of the fair value hierarchy are:

- Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities
- Level 2 - Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (i.e., as prices) or indirectly (i.e., derived from prices)
- Level 3 - Inputs for the asset or liability that are not based on observable market data (i.e., unobservable inputs)

The following table summarizes the carrying value of the Corporation's financial instruments:

	September 30, 2025	December 31, 2024
	\$	\$
Cash	55,314,709	45,193,670
Deposit	178,541	181,871
Interest receivable	314,116	114,064
Financial Asset – Related Party	8,433,246	6,699,179
Accounts payable and accrued liabilities	(18,823,549)	(18,233,113)
Loans payable	(42,586,321)	(28,621,732)
Lease liabilities	(355,261)	(710,713)

Due to the short-term maturities of cash, financial asset – related party, and accounts payable and accrued liabilities, the carrying amounts of these financial instruments approximate fair value at the respective balance sheet date.

The carrying value of the loans payable approximate its fair value as the loans were entered into towards the end of the financial year.

The carrying value of lease liabilities approximate its fair value based upon a discounted cash flows method using a discount rate that reflects the Corporation's borrowing rate at the end of the period.

20.3 Liquidity Risk

Liquidity risk is the risk that the Corporation will encounter difficulty in meeting obligations associated with financial liabilities. The Corporation seeks to ensure that it has sufficient capital to meet short-term financial obligations after taking into account its exploration and operating obligations and cash on hand. On December 30, 2024, the Corporation closed a new US\$35 million revolving credit facility with Landsbankinn that refinanced its existing loans payable, fund general and administrative costs, exploration and evaluation costs and Nalunaq project development costs (note 10.3). The Corporation's options to enhance liquidity include the issuance of new equity instruments or debt.

20. FINANCIAL INSTRUMENTS AND RISK MANAGEMENT (CONT'D)

The following table summarizes the carrying amounts and contractual maturities of financial liabilities:

	As at September 30, 2025			As at December 31, 2024		
	Accounts payable and accrued liabilities	Loan payable	Lease liabilities	Accounts payable and accrued liabilities	Loan payable	Lease liabilities
	\$	\$	\$	\$	\$	\$
Within 1 year	18,823,549	42,586,321	238,083	18,233,113	28,621,732	150,850
1 to 5 years	-	-	179,118	-	-	535,028
5 to 10 years	-	-	-	-	-	126,975
Total	18,823,549	42,586,321	417,201	18,233,113	28,621,732	812,853

The Corporation has assessed that it is not exposed to significant liquidity risk due to its cash balance in the amount of \$55,314,709 and the availability of undrawn credit facilities at the end of the period.

21. SUBSEQUENT EVENTS

21.1 Strategic Acquisitions

As part of the Corporation's strategy to expand its Greenlandic footprint and diversify its commodity exposure, on June 11, 2025 Amaroq announced the acquisition of the entire issued share capital of Black Angel Mining A/S ("Black Angel") from FBC Mining (BA) Limited ("FBC Mining"), as well as the proposed acquisition of the Kangerluarsuk licences from 80 Mile plc ("80 Mile") to create the West Greenland Hub. The Corporation entered into a binding, conditional share sale and purchase agreement with FBC Mining, with a consideration of US\$10 million, for the Black Angel acquisition; and a binding, conditional asset purchase agreement with 80 Mile and Disko Exploration Ltd, with an initial consideration of US\$0.5 million and a potential deferred consideration of US\$1.5 million (subject to the delineation of a mineral resource in the licence areas that could support the commencement of a formal Preliminary Economic Assessment, scoping study, or equivalent, which indicates the potential for economic extraction), for the acquisition of the Kangerluarsuk licences.

The initial consideration for both strategic acquisitions and the potential deferred consideration (if any) will be satisfied by the issue of Amaroq shares at prices to be determined with reference to the market price of the Corporation's common shares prior to closing of each of the strategic acquisitions. Amaroq shares will be issued to satisfy the initial consideration and the deferred consideration, respectively, for the transaction with 80 Mile. Completion of each of the strategic acquisitions are subject to the satisfaction of certain customary conditions precedent, including the approval of direct and indirect transfers of mineral exploration licences by the Government of Greenland.

The acquisition of Black Angel is a related party transaction.
