The first phase, which started on 3 November 2021, was completed on 27 April 2022. The total market value of the shares acquired in the first phase amounted to DKK 8 billion.

The second phase of the share buy-back program will run from 5 May 2022 up to 1 November 2022. The shares to be acquired will be limited to a total market value of DKK 8 billion (around USD 1.15 billion). A maximum of 150,000 A shares and 600,000 B shares can be acquired in the second phase of the share buy-back program.

The share buy-back program will be executed under EU Commission Regulation No. 596/2014 of the European Parliament and Council of 16 April 2014 (MAR) and the Commission Delegated Regulation (EU) 2016/1052 (the "Safe Harbour Regulation"), which ensures that the Company, its Board of Directors and its Executive Board, are protected against violation of insider legislation during the share buy-back period.

The share buy-back program is initiated pursuant to the authorisation granted to the Board of Directors by the Annual General Meeting in March 2021, which entitled the Company to acquire treasury shares at a nominal value not exceeding 15% of the share capital at the market price applicable at the time of acquisition with a deviation of up to 10%.

The Company has appointed Danske Bank A/S ("**Danske Bank**") as Lead Manager for the second phase of the share buy-back. Danske Bank will make its own trading decisions independently of and without influence from the Company and within the announced limits.

Prior to the second phase of the share buy-back program, the Company holds 160,650 A-shares and 745,874 B-shares, equal to 4.68% of the share capital. At the Annual general meeting 2022 it was decided to cancel 133,779 A-shares and 535,076 B-shares. These shares are expected to be cancelled in week 21, 2022. The Company will hereafter hold 1.27% of the share capital.

As earlier announced, the purpose of the program is to adjust the capital structure of the Company ultimately through cancellation of shares repurchased and to meet obligations under long-term incentive programs.
